

Student AeriesNET Account Information

(updated as of 6/20/2015)

The AeriesNET portal is a great way for students to access their academic records. This *student* AeriesNET account will also be needed when the student goes online to input their course requests for the following year. Progress reports and final semester grades WILL NOT BE MAILED; therefore we highly suggest the student use this account to access their grades, view MVHS calendar events, look up teacher contact emails, etc.

1. HOW TO CREATE A STUDENT ACCOUNT

DO NOT click on "Create and Account" from the AeriesNET log on screen!!

Come to the counseling office to see Ms. DeBord or Ms. Anderson, **bring your student ID card** with you **OR send an email** with the information listed below:

The student will need to PROVIDE THE FOLLOWING INFORMATION IN THE EMAIL MESSAGE:

- Student's Full Name (include middle name)
- Student ID number (from their ID card)
- Student's Birthdate
- Student's Cell phone Number
- Student's primary Residency Address

Send the email to:

LAST NAME STARTS WITH (A-K) – TBA – New Guidance Tech in 2015-16

LAST NAME STARTS WITH (L-Z) – Valerie Young vyoung@murrieta.k12.ca.us

Once we receive the email from you, we will create an AeriesNET account (usually with in a 24hour period).

Once created, the student will receive an email message containing information on how to log in and will also provide you with a sign-on password.

*** Remember, the student can also stop by our office during school hours and we can set up the student account immediately IF the student has their student ID card with them.*

2. USE THE NEW AERIESNET WEBSITE: <http://abi.murrieta.k12.ca.us/> - Click on the "STUDENT PORTAL" link, the last link on the right.
