

# Skeletal System Picture Portfolio

You will be producing a Skeletal System Portfolio with labeled pictures. Use your book and the internet. Website must have links (write on the back of sheet)

- All drawings must be done in pencil (no colors), using shading.
- Each drawing must fill the entire 8 ½ x 11 sheet of paper (One drawing per sheet in portrait view only!)
- The labels must be done using a ruler and in your BEST handwriting.
- Make them look professional.

The following must be included (one drawing per sheet!):

**\*\*Your drawings must all be in portrait view! No landscape/horizontal pages!**

**\*\*Your drawing/sketch should fill this ENTIRE space either lengthwise or widthwise. Be sure you SHADE your drawing (don't simply color it in with pencil) and use a RULER to label ALL parts of the bone as labeled in the textbook.**
