Hands On: Multiply with 0 and 1

Problem of the Day

On her first visit to a pool, Johanna counted 4 red towels. On her second visit, she counted 8 red towels. On her third visit, she counted 16 red towels. If the pattern continues, how many red towels will Johanna count on her sixth visit?

Mathematical Reasoning Review

Use the fact that $2 \times 15 = 30$ to find the product of 8×15.

Number of the Day

24

Write an addition, a subtraction, and a multiplication sentence that equals 24.

Facts Practice

Round the first number to the nearest ten, then divide.

1. $18 \div 2 =$ 2. $13 \div 2 =$ 3. $32 \div 2 =$

4. $11 \div 2 =$ 5. $29 \div 2 =$ 6. $58 \div 2 =$
