SUMMER TIPS

Many of you have asked what you can do over the summer to help your child get ready for second grade:

- READ, READ, READ. Please visit our Murrieta Public Library, or any of our public

libraries in the valley. Kids can get their own library cards, the children's section is amazing, there are computers the kids can use, and the libraries have wonderful summer programs for the kids. Added bonus: it's usually the coolest place in town on a hot day!

- Visit Lakeshore Learning (Murrieta) or CM School Supply (Temecula) for great "Summer Bridge" books that review first grade material and introduce second grade concepts.
- Relax! Quality family time is important!
