1st 6-Week Grading Period Ends TODAY

Progress Reports - Next Week

PROGRESS REPORTS DISTRIBUTED NEXT FRIDAY 3/6. The first 6-week Progress Report grading period ended TODAY, Friday 2/27. Progress Reports will again be distributed by hand this coming March 6th to all students during school hours to take home to share with parents/guardians. Students who are absent may pick up their Progress Report at the Reception Desk on Monday, March 9. We thank you for being supportive of this process which saves VMHS several thousand dollars in mailing costs and materials with each distribution. We have received only positive feedback on this change, and because grading errors are immediately noticed by students during the distribution, many corrections can be rectified immediately, resulting in less conferences and phone calls for all involved. Again, thank you for stepping outside of the box and helping us save critical dollars. If you did not receive a 6 -week Progress Report, please contact the school at 894-5750.

Save the VMHS Renaissance T-Shirt! We're all aware of the budget crisis that has and will affect our schools, and unfortunately VMHS Renaissance has been hit hard. For those of you who might not be aware, Renaissance is a student-led program that strives to improve the academic culture on campus by motivating and inspiring students to put forth their best efforts both academically and socially. Along with weekly recognitions, semester rallies, in school and community wide incentives, VMHS Renaissance gives (for FREE) each student who qualifies (GPA 2.5 and higher) and applies, a Renaissance t-shirt. These shirts are a cool bit of Bronco culture and much sought after. This semester alone, there are over 1000 students (about 1/3 of our attendance!) who qualified and applied for our program. For the past five years we have been lucky to have sponsors and fundraisers that covered the cost of the shirts. However, with the dire economic status and budget cuts (and increasing costs of shirts), we now have to get more creative and ask more from our MVUSD family. We need to raise a total of \$2800 and have planned a CHANGE drive (now underway), car wash, and a garage sale with more events to come. We are determined to raise the money needed to continue the tradition of VMHS Renaissance. So, if you know of anyone, or businesses, that would like to participate with a donation to our program, please have them contact Mrs. Moran, Advisor at emoran@murrieta.k12.ca.us. And of course, names and/or logos can be placed on the t-shirts for a slice of publicity! Thanks for all of your support of the Renaissance Program.

VMHS Cool? Aaaaah, YEAAah! So, Report On It! Fox News is starting a new segment each week on the High School Spotlight - What Makes Your School Cool? They are currently soliciting input from students, teachers and community members about why their school is cool! Recently, Diamond Ranch High School in Pomona was featured due to it's unique architecture, which the school accounts for it's "coolness." The Fox Network has no guidelines defining 'coolness' and will take input from anyone regarding anything from alumni, location, mascot, teachers, etc. Come on Broncos - we've got it all here! Please send your ideas to highschoolspotlight@foxsports.net and hopefully we'll get a spon on "Cool School" featured on Fox News High School Spotlight. See you on the tube - Broncos ROCK!

Driving & the DMV... Are you a teen with questions about how to get your provisional driver permit or California driver license? Do you have questions about general driving related requirements like registration or insurance? The California Department of Motor Vehicles (DMV) wants us to educate students about important issues related to driver training, driver safety and becoming a licensed driver, by publishing the "Ask DMV" column so that they become better informed about issues and dealing with the DMV, which should help teens feel more comfortable as they make the transition into becoming licensed

drivers. Parents, you can learn a thing or two as well! The DMV realizes the process of obtaining a California driver license can be confusing, and taking the test for a provisional instruction permit is usually a teen's first encounter with the DMV. As teens prepare to become responsible California drivers, there are many questions and the DMV has answers for teens and their parents. The DMV offers many online services and publications at www.dmv.ca.gov/teenweb to help teens and their parents stay informed about California driving laws and requirements. For the next few weeks, we will run some frequently asked DMV questions and answers provided by Mike Marando, Communications Director, California Department of Motor Vehicles, Sacramento. The following is a big one:

Q: I have recently received several emails related to new driving laws, specifically the text messaging act and the date in which it will be enforced. Is there an actual Web site where I can verify all of these rumors?

A: DMV's online resource, www.dmv.ca.gov, has a page devoted to the newest laws in 2009, including the enforcement date of the new text messaging law. The new text messaging law prohibits writing, sending or reading text-based communication on an electronic communication device while driving, effective January 1, 2009. For a list of other current or upcoming laws and enforcement dates, visit www.dmv.ca.gov and click the DMV Info tab, then click New Laws. The governor recently signed into law SB 33, effective July 1, 2008, which also makes it unlawful for a minor under 18 years of age to use any mobile service device such as cell phones – hands free or not, and other wireless devices while driving.

Students will sign up to attend presentations of their choice throughout the day. Through these presentations, students will get an idea of what type of training or education is required for a particular career, as well as developing an understanding of the day to day duties and job responsibilities. At this time, we would like to get an idea of those interested and available to present on Career Day. If not you, maybe someone from your company would be of interest to our students. SPORTS

2008-09 Fall Season Sports Honors & Accolades - The local media has finally published honors earned by our Fall student-athletes. congratulations to all of our young men and women (and their coaches) for a great fall season. The fall sports season was filled with team successes and individual accomplishments for our Broncos. Our Men's Cross Country Team enjoyed an undefeated season in Southwestern League play while advancing to a 6th place finish in the CIF Southern Section Finals and a 7th place finish in the State. Congratulations to Co-Head Coaches, Denise Robinson and Karen Candaele for guiding our cross country program to another very successful season. Five fall varsity teams advanced to the CIF Playoffs. The Bronco varsity football team had a 9-3 season and advanced to the CIF Inland Division Quarterfinals before being ousted by eventual State Champion Centennial in what was considered a "rebuilding year". Our women's varsity tennis team completed a very successful fall campaign with a 14-

6 overall record while advancing to the CIF Division II Quarterfinals. In addition to the “on-the-field” success, every one of our seven varsity teams had a team grade point average of 3.08 or higher - WOW! This is further proof that Bronco student-athletes are champions in both the athletic and academic arenas. There are too many individual honors achieved by Bronco student-athletes for their performance during the fall sport season to list them all, but so many were identified as multi-year letter recipients, received Master of Sports or 1st or 2nd Team All-SWL honors, scholastic honors and even a couple of Hall-of-Fame awards - truly impressive. Way to go Broncos!
