DUAL ENROLLMENT M.S.J.C AND MVUSD COMBINED RESOURCES... NOW OFFERING COLLEGE COURSES ON MMHS CAMPUS!

What is Dual Enrollment?

Dual Enrollment allows current high school students the opportunity to enroll in dual-credit courses, expand student access to affordable higher education, provide challenging academic and occupational experiences to qualified high school students during their Junior and Senior years. Dual Enrollment allows students and families to decrease the cost of college education.

Why Take Dual Enrollment Courses?

Successful completion of Dual Enrollment courses will enable students to simultaneously earn college credit transferable to two- and four-year colleges/universities and satisfy high school graduation requirements. Successful completion of occupational courses will allow students to simultaneously earn college credits, satisfy high school graduation requirements, and assist in the transition to community college or job opportunities or careers.

The MSJC Process for all students to apply is the following:

- All students must be matriculated (11th/12th grade student) (online application and orientation)
- Submit a Student-Parent Agreement form on MMHS campus in both Spring and Fall semesters by the deadline (No late forms will be accepted)
- Students are recommended to have a 3.0 GPA

The student is responsible for completing the college registration process, which includes the completion of an application for admission, and completing an online orientation session. This process must be completed before MMHS staff meets with MSJC staff to register students in Dual Enrollment courses and submitting a MSJC student parent agreement form in May/June of each year. Students are also responsible for enrolling themselves in the proper courses online through their MSJC Self- Service account. Instructions are provided to students prior to scheduled enrollment dates.

For more information about the Dual Enrollment program please contact your counselor

DUAL ENROLLMENT (continued)

Program Guidelines

- Dual enrollment courses are governed by the policies and regulations of Mt. San Jacinto College District and the Murrieta Valley Unified School District. These policies, regulations and standards apply to students, faculty, staff, instructional procedures, academic standards, and course offerings, whether courses are offered at the college campus, at off-campus sites, including distance learning and internet, or at secondary schools.
- All high school students must be fully matriculated to the college prior to taking MSJC courses (application and orientation).
- High school students who enroll in dual-credit courses taught at the high school will not be charged tuition, however, there are minor fees associated with taking these courses
 - MVUSD will provide all books and materials associated with the courses the student is enrolled in.
- Student/Parent Agreement Contracts will be collected from each high school student participating in the dual-credit program and submitted as a group packet by the designated coordinator at the participating high school.
- A minimum enrollment of 12 students for dual-credit courses must be met to be taught at the high school.
 - Academic advising will be the joint responsibility of the two institutions.
- Matters of discipline will be handled cooperatively between Mt. San Jacinto College and the high school administrators.
- Mt. San Jacinto College and MVUSD will jointly select dual-credit courses in transfer and/or occupational areas.
- A dual-credit course will be identified on both the college and high school transcript in the standard format and will not be identified as dual-credit.
 - Dual enrolled students will have access to MSJC services, i.e., library, tutoring, student I.D. cards.
- In courses with limited capacity, students will be accepted based upon grade level, GPA, and if needed a lottery. Dual Enrollment students taking academic transfer courses must complete the MSJC Matriculation Process which includes applying for admissions to MSJC, and an online orientation. It is recommended that students have a cumulative 3.0 GPA.

Dual Enrollment Courses

2023/2024 M.S.J.C & MVUSD combined resources and are NOW offering college courses on MMHS campus!

MSJC DUAL ENROLLMENT – MATH 105 COLLEGE ALGEBRA 4 Units

Course # see counselor

Grade Level: 10-12

Length: Semester

Prerequisite: MSJC Matriculation and appropriate assessment test score of Math 105. 10th grade: completion of adv. Math 2 or teacher recommendation. 11th grade: Completion of “C” or better of math 3 or adv. Math 3 This course meets UC/CSU (C) and District math requirements. Students will receive four (4) units of college credit. As the traditional transfer course in the algebra sequence, Math 105 covers graphing of polynomials, rational and transcendental functions, and conic sections, solving polynomial, rational, exponential, and logarithmic equations, solving systems of linear equations utilizing determinants, function theory including notation, combination, and composition as well as existence and formulation of inverses, sequences and the Binomial Theorem. Extra grade weight is only offered to those taking Dual Enrollment courses on the MMHS campus. *Space permitting, 10th-grade students may apply if they are completing Algebra II or above and assess in Math 105.

MSJC DUAL ENROLLMENT – MATH 110 PRE-CALCULUS 4 Units

Course #see counselor

Grade Level: 10-12

Length: Semester

Prerequisite: MATH 105 or equivalent assessment score This course meets UC/CSU (C) and District math requirements. Students will receive five (5) units of college credit. A course designed for the student who is planning to take calculus. Topics covered in depth will include: functions, graphs of polynomial and rational functions, trigonometric functions, theory of equations and inequalities, sequences and series, and conic sections. Extra grade weight is only offered to those taking Dual Enrollment courses on the VMHS campus.

MSJC DUAL ENROLLMENT – BIO 134 HUMAN HEREDITY AND EVOLUTION 3 Units

Course #see counselor

Grade Level: 11-12

Length: Semester

This is an introductory course in basic human genetics and evolution. This course introduces students to central theories of the biological sciences using the chemical and biological aspects of human genetics as its main theme. In addition, students are introduced to the political, philosophical, and ethical implications of human heredity and evolution. This course is not intended for Biology majors.

MUSIC 100 INTRO-DUCTION & APPRECIATION

OF MUSIC 3 UNITS

Course # see counselor

Grade Level: 11-12

Length: Semester

Prerequisite: MSJC Matriculation and appropriate assessment test scores of English 098.
