# COMMUNITY RESOURCES

## Introduction

The resource guide is a compilation of community agencies and referral sources. It is intended to act as a desktop reference or as a source of services for students and their families. While great efforts have been made to ensure that this document is accurate, telephone numbers and addresses are subject to change without notice.

Please keep in mind that this guide is a compilation of sources. Riverside County Office of Education does not endorse or recommend any particular agency or source, or any source or agency at all; this is merely a listing of some available resources. Hopefully, this guide will assist you in meeting the needs of the families we serve.
