

Short Board - One Marker and One Die Needed for Game

Teddy Tug

Cut the boards on the dotted lines.
Glue the Teddy  Square on top of this square to make one long strip with Teddy in the middle.

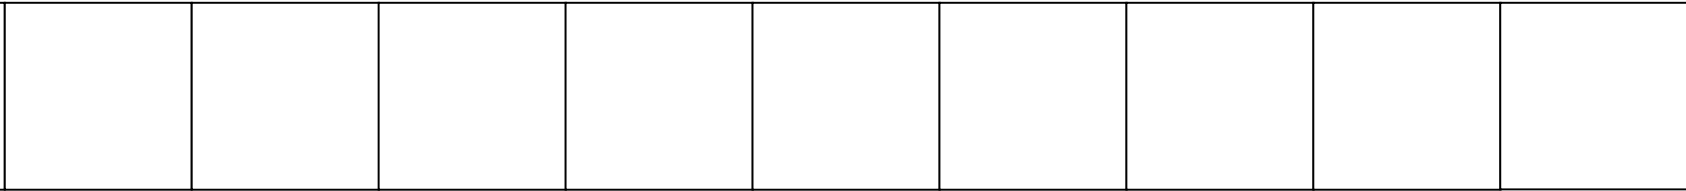

Put one Teddy marker on the middle  square. Roll the die. Count the dots or see the number on the die and move your Teddy towards you. Your opponent rolls the die and moves Teddy back towards him/her. Try to get your Teddy to land off of the board to win.

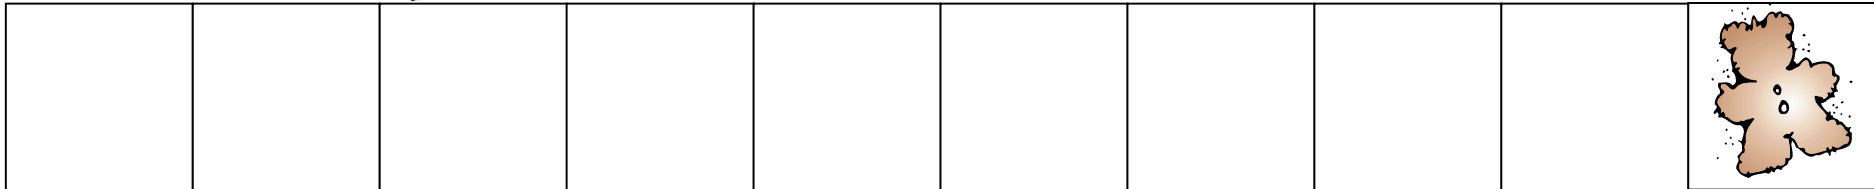

Long Board Game (Two Game Boards on this page) ... One Marker and a pair of dice needed.

Teddy Tug

Cut the boards on the dotted lines.
Glue the Teddy Square on top of this square to make one long strip with Teddy in the middle.

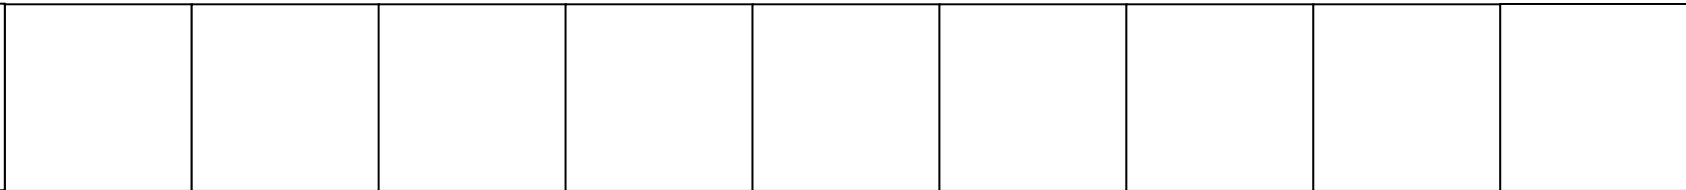

Put the Teddy marker on the middle  square. Roll the dice. Add up the dots and move your Teddy towards you. Try to get your Teddy to land off of the board to win.
