

# Uu Week Cooking

Uu May Make:

## Pineapple Upside Down Cake:

Use a yellow cake mix and make according to package directions. In the bottom of a greased 9 x 12 inch pan, spread drained pineapple slices and place pitted cherries in the middle of each one. Pour batter over this and bake as directed. Cool, turn over and top with Maple Whipped Cream.

### Maple Whipped Cream

Subtly sweetened with maple syrup, this whipped cream nicely complements pineapple upside-down cake

#### Ingredients:

- 1 cup heavy cream, chilled
- 1 tablespoon maple syrup

#### Instructions:

1. Chill a mixing bowl and beaters in the freezer for 15 minutes. Then beat the cream in the bowl with an electric mixer until it thickens into soft mounds.
2. Add the maple syrup and continue beating until the cream forms soft peaks when you lift the beaters.
3. Finish beating the cream by hand with a wire whisk until it is the consistency you like. This will prevent overbeating which can turn the cream to butter.
4. Makes 2 cups.
