PASS 2.0- Next Generation of PASS

PASS Panther School will be held on **Saturday, March 21, 2020**. Time would be from 8:00 a.m. through 12:15 p.m. We see this program as an additional avenue of support to students for a successful year. **Please submit your forms (online or hard copy) no later than Thursday, March 19, 2020 in order to receive lunch.** All forms received in the office after Thursday, March 19, 2020 will not receive lunch. Walk-in's will be taken with a filled-out form on Saturday, but no food will be available for these students to purchase. **Please bring your school ID – this will speed up the process of recording student attendance.**

What's New at Pass? We will be offering targeted sessions for students to attend. Students will be attending three sessions. Some sessions are academic in focus and some are for enrichment. Students who attend must remain at school for the entire 4 hours 15 minutes. Tests may be taken with prior teacher approval and tests provided to administration prior to PASS. Students need to speak to their teacher prior to PASS to make arrangements for the test to be available.

All students are offered a lunch on the same daily program that they use to purchase food. We do require you to confirm if your child would like a lunch so that an accurate count may be given in advance to Food Services. *If you mark "yes" for lunch, you must indicate whether or not your child has special dietary needs.* Also, please note that **if you mark "yes" for a lunch, whether your child comes to PASS or not, the cost of the lunch will be charged to your account. All students attending PASS will get a lunch break and should bring a lunch if not purchasing a lunch.**

By signing below, I agree to allow my child to attend the **PASS**. The purpose of this program is to provide additional academic support to those students with absences during the school year. The goal of this program is not to punish students for poor grades, but rather to intervene and provide support for students that need additional assistance. Additional support ensures students are successful in high school with preparation in their middle school courses.
