

Student AeriesNET Account Information

(updated as of 8/21/2012)

The AeriesNET portal is a great way for students to access their academic records. This *student* AeriesNET account will also be needed when the student goes online to input their course requests for the following year. Progress reports and final semester grades WILL NOT BE MAILED; therefore we highly suggest the student use this account to access their grades, view MVHS calendar events, look up teacher contact emails, etc.

1. HOW TO CREATE A STUDENT ACCOUNT

DO NOT click on "Create and Account" from the AeriesNET log on screen!!

Come to the counseling office to see Ms. DeBord or Ms. Anderson, **bring your student ID card** with you **OR send an email** with the information listed below:

The student will need to **PROVIDE THE FOLLOWING INFORMATION IN THE EMAIL MESSAGE:**

- Student's Full Name (include middle name)
- Student ID number (from their ID card)
- Student's Birthdate
- Student's Cell phone Number
- Student's primary Residency Address

Send the email to:

LAST NAME STARTS WITH **(A-K)** - Leslie Anderson landerson@murrieta.k12.ca.us

LAST NAME STARTS WITH **(L-Z)** - Kathleen DeBord kdebord@murrieta.k12.ca.us

Once we receive the email from you, we will create an AeriesNET account (usually with in a 24hour period).

Once created, the student will receive an email message containing information on how to log in and will also provide you with a sign-on password.

**** Remember, the student can also stop by our office during school hours and we can set up the student account immediately IF the student has their student ID card with them.**

2. USE THE NEW AERIESNET WEBSITE: <http://abi.murrieta.k12.ca.us/> - Click on the "STUDENT PORTAL" link, the last link on the right.

Welcome to the MVUSD Aeries Portal

If you do not have an authorized Murrieta Valley USD granted account log off now! All activity is logged.
