

I have included the instructions for each team, so parents can join the membership and be notified of activities, tests, and rehearsals. Please use the code connected to the student's theater arts period.
Note: if your cell phone plan is unlimited texting this account is free. If you have limited texting you may be charged a fee if your account goes over.

Thanks for supporting this new technology to help us communicate better with our students and their families.

Instructions for all periods are below. REMEMBER YOUR PERSONAL CODE IS NEXT TO YOUR CLASS PERIOD

Step one: Take your phone and create a new message for texting

Step two: On the phone type the number- (509)350-8785

Step three: In the message box type: Your code from below

Step Four: press send.

You will receive a return message asking for your full name. This is posted in the account, so I can see who is a member for each of my drama courses. This helps me know who is being notified and who is not. Type EXACTLY as you see it below. There are no mistakes. Parents if you sign up on the account please begin your name with a capitol P, then space and type your name. This will mark you as parent on my class folders.
