Welcome April!

We hope everyone had a restful and safe Spring Break. It has been an exciting start of the month to see students back on campus. Registration for the 2021-2022 school year is currently underway. Please review your academic plan in Aeries to see your classes for next year. If you haven't submitted your course request for next year, be sure to submit it ASAP and contact your counselor if you have any questions or concerns.

To meet with your counselor, you can book an online appointment using the links listed above. With 12-week grades approaching, be sure to check-in with your teachers during office hours if you need additional support. Remember to utilize paper.co if you need assistance and tutoring in one or more subjects.

We have 8 weeks of school left!
Finish STRONG!

College Success Coach, Cal-SOAP

Mariam Mekhael
mmekhael@rcoe.us

In high school, Mariam Mekhael was unsure of her career path. With the guidance and encouragement of her family and school counselor, she became determined to pursue a career in the healthcare field and to obtain a graduate degree. She spent her high school years experimenting with different concurrent and dual enrollment college classes that counted towards her undergraduate credits. Mariam has obtained thirteen Associate in Arts/Science Degrees from Coastline Community College and Mt. San Jacinto College in various subjects upon her graduation from high school. As a high school student in a college setting, Mariam has learned and experienced why and how to be prepared to embark on the college journey with the help and support of her family, counselor, professors, and peers. From this, she was inspired to unveil for other students the importance of being prepared for college and the workforce. Mariam Mekhael currently attends Chapman University to obtain her Doctor of Pharmacy Degree.

SAT INFORMATION

Registration Details at www.collegeboard.org

Registration for all SAT tests is open for all students. If you are unable to find a seat in a test center near you, please check other dates.

Please know that colleges understand that there are limited opportunities for students to take a college entrance exam due to covid. Most colleges are not requiring a test score for the upcoming admissions cycle. While almost all still accept scores, most are rightfully being flexible for students who submit scores later or who did not have a chance to test more than once. You should check the college's website for the most updated information on their application requirements.

Eligible students can register with a fee waiver.
For information on fee waivers please contact Michelle Morris at
951-894-5750 ext. 6684 email: mmorris@murrieta.k12.ca.us

Spring 2021 SAT Dates: May 8th and June 5th

Potential Test Center Closures:

Schools and test centers continue to discuss the extent to which they'll be open, and we know educators will be facing uncertainties as they prepare to administer the SAT.

College Admissions Information

The College Board has asked colleges to extend deadlines for receiving test scores and to equally consider students for admission who are unable to take the test due to covid-19. We are asking member colleges to provide flexibility to students in three ways: Accepting scores as late as possible in their process, especially by extending score deadlines for early action and early decision to take some pressure off students and give them more time to test and send their scores. Equally considering students for admission who are unable to take the test due to covid-19 as those who submitted scores. (The College Board will keep colleges up to date on testing availability). Recognizing that students who do submit scores may not have been able to test more than once. (e.g., taking into account that students who tested as high school juniors but who could not as seniors would have likely achieved score gains). And it's more important than ever to pay close attention to the context in which all students live and learn as they make admissions decisions.

GROWTH MINDSET

Individuals who believe their talents can be developed through hard work, good strategies, and input from others have a growth mindset. They tend to achieve more than those with a more fixed mindset or those who believe their talents are innate gifts.

MINDSETS

FIXED MINDSET

The belief that skills, intellect, and talents are set and unchangeable.

GROWTH MINDSET

The belief that skills, intellect, and talents can be developed through practice and perseverance.

I'll stick to what I know. Either I'm good at it or not.

DESIRES

I want to learn new things. I am eager to take risks.

It's fine the way it is. There is nothing to change.

SKILLS

Is this really my best work? What else can I improve?

This is a waste of time; there's a lot to figure out.

EFFORT

I know this will help me even though it is difficult.

It's easier to give up. I'm really not smart.

SETBACKS

I'll use another strategy; my mistakes help me learn.

This work is boring. No one likes to do it.

FEEDBACK

I recognize my weakness, and I know what to fix.

It's easy for him or her. They were born smart.

TALENTED PEERS

I wonder how they did it. Let me try to figure it out.
