

AP Chemistry Summer Homework 2020-2021

I will be adding you to my powerschool learning page (AP Chemistry S1 2020). If you do not see the AP chem page when you log into powerschool learning (by June 5, 2020), then please email Mrs. Choe at bchoe@murrieta.k12.ca.us with your full name and student ID. All the assignments are accessible on the powerschool learning page, Microsoft Teams, or goformative.com. You will also need to set-up an account at goformative and log onto to your Microsoft Teams. The directions will be on the powerschool learning page.

All assignments below are **DUE: August 14, 2020**

****Remember assignment files or links are on AP Chemistry Powerschool learning webpage.**

1. Get all required material for the class (chemistry binder, lab notebook, textbook Chemistry: The Central Science, scientific calculator).

Note: Your textbook will not be available to check out for the summer. Therefore, I will have chapters 1-3 as pdf files on the powerschool learning page.

2. Complete the focus questions for Chapter 1, 2, and 3 in Chemistry: The Central Science textbook. Answers the focus questions will be typed and turned in on Microsoft Teams
3. Complete Chapter 1, 2, and 3 exercises on goformative.com.
4. Print out ion/polyatomic list. Memorize polyatomic/ion chemical formula and its charge. There will be test on some, not all terms.
5. Print out the common lab equipment page. Learn names and function of all the lab equipment. Go to my quizlet to help you learn their names and functions.
