

AP Human Geography World Map Summer Assignment

Welcome to Mr. Daarstad's or Mr. Mason's AP Human Geography class. This class will be an intensive one year study and comparison of world cultures. Because this class is similar to a college freshmen-level course, students should expect, for example, that the reading and writing load will be heavier than most high school history classes. With that in mind, it requires seriously committed students who are willing to work far above the level required in a "regular" high school history class. To that end, we have a summer assignment to get us a jump start on the year. This assignment will be due on Thursday 8/15/19.

Feel free to email us at anytime if you have any questions or concerns!
