This is a sample Works Cited page. Notice the following key elements:

- 1.) The title is Works Cited and it is centered on the first line. It is not italicized, it is not in bold and it is not in quotes.
- 2.) This document is in alphabetical order and I did not number each entry.
- 3.) For the sources with more publishing information, I indented the second line. I did this by striking the "tab" key.
- 4.) In the header, include your last name and the page number. The Works Cited page is its own separate page. Notice there is no comma between the last name and the page number.
- 5.) Pay attention to the items that have to be italicized or quoted.
- 6.) Abbreviate all months except May and June. For all other months, use the first three letters (e.g. Apr. and Dec.)
- 7.) Use Times New Roman font size 12 for the entire research paper, including the Works Cited page.
