RESIDENTIAL CONSTRUCTION

MURRIETA CANYON
ACADEMY

COURSE #7992 CONSTRUCTION 1

PREREQUISITE : NONE

LENGTH : 1 YEAR

Construction 1 is the introductory course in the Residential Construction Pathway created for careers in:

CONSTRUCTION - BUILDING DESIGN - PERFORMANCE - SUSTAINABILITY

Students will:

- Learn the basics of flooring, framing, plumbing, electrical, roofing, and more!
- Meet industry employers.
- Learn employable industry standards and skills.

This course is hosted at Murrieta Canyon Academy and open to all high school students.

Hands on active learning will complement the academics of construction as students apply math, literacy, and communication.
