

Welcome and congratulations on being selected to participate in AP-CSP for the 2021-22 school year!

The summer work will be learning Java and upon the first day of class, we will have a Test on your Java skills learned. This is voluntary, but if you choose to not complete the summer work, you will have two weeks to complete the assignments and take the Test.

Create an account or use your existing account → [click here to begin \(codehs.com\)](https://codehs.com)

UserName → **Your Student Email** (9-digit student number@mvusd.org)

Click on JOIN SECTION – use Code **5843C**

Join a section by entering the class code provided by your teacher.

5843C

A diagram illustrating the process of joining a section. A yellow box containing the text '5843C' has a red arrow pointing to a white input field labeled 'Class Code'. To the right of the input field is a blue button labeled 'Join Section'.

It is recommended, but not required, that you complete **ALL** the lessons by *August 10*.

If you have any questions, don't hesitate to email me during the summer.

Good luck and see you August 11 (Wednesday)!
