

Welcome to a new semester! My name is Mrs. Ebuén, a mathematics teacher at Murrieta Mesa High School— a school where we “Pursue Our Passion and Leave a Legacy”. Here are my contact information. The best way to contact me is through email: gebuen@murrieta.k12.ca.us. Send emails to (spell out). As a new Instructional Math Coach, I am at the district office on A days. My tutoring hours are on B days from 2:50-3:20 or by appointment. For online students, these are the times that I am in the classroom after school if you need to stop by and ask questions in-person. Remember, I will be at Murrieta Mesa on B days.

In our class,
we collaborate...
we use technology...
we investigate...
we ask questions...
we help each other
but most of all,
we learn and have fun.

All students must make a commitment.

Commit to Graduate. Remember, C2G. I did!

Why?

John F. Kennedy once said, “Ask not what your country can do for you, ask what you can for your country.” I will always remember that statement.

I hope this wall will serve as a reminder of your commitment. Set goals. Have a purpose and passion for everything you do!

On a professional note, I graduated in May 2000 with a Bachelor of Arts in Mathematics at the University of San Diego. Go Toreros! Two years later, I obtained my Masters in Education with specialization in Curriculum and Instruction. I have a CLAD Credential as well as an Administrative Credential that I received from California State University, San Marcos.

Five years ago, I decided to Pursue My Passion and Leave a Legacy— our school motto— and joined the Murrieta Mesa High School staff.

Prior to being a RAM, I was a Bronco. I worked at Vista Murrieta High School for five years. I missed its first year of opening, so when Murrieta Mesa High School opened, I made sure that I am part of its inaugural staff. Prior to VMHS, I taught at Mira Mesa High School in the San Diego Unified School District. It was my first teaching

position right after college. I think it's interesting that my first high school had an acronym of M-M-H-S and I'm currently at M-M-H-S. Hopefully, it's my last stop!

On a personal note,

I LOVE Math! Always will.

Happily Married.

Love to travel.

Travelling changes a bit when you have two little girls. ☺ Meet my daughters, Athena and Amella.

I am very blessed to have "My Mommy" who helps me out at home.

Three months ago, my son was born. Meet Aethan!

Now, we are a Party-of-Five!

My Dear students, you must take responsibility.
