ANSWER KEY:

- | | | |
|--------------------------|--------------------------------|--------------------------------|
| 1. External oblique | 25. Gracilis | 49. Acromiodeltoid |
| 2. Longissimus dorsi | 26. Sartorius | 50. Supraspinatus |
| 3. Multifidus spinae | 27. Vastus medialis | 51. Rhomboideus |
| 4. Gluteus maximus | 28. Adductor longus | 52. Rhomboideus capitis |
| 5. Tensor fasciae latae | 29. Semimembranosus | 53. Splenius |
| 6. External oblique | 30. Adductor femoris | 54. Clavotrapezius |
| 7. Internal oblique | 31. Pectoantebrachialis | 55. Levator scapulae ventralis |
| 8. Transversus abdominus | 32. Pectoralis minor | 56. Spinodeltoid |
| 9. External intercostals | 33. Pectoralis major | 57. Acromiodeltoid |
| 10. Spinalis dorsi | 34. Xiphihumeralis | 58. Clavobrachialis |
| 11. Iliocostalis | 35. Scalenus medius | 59. Tibialis anterior |
| 12. Infraspinatus | 36. Serratus ventralis | 60. Gastrocnemius |
| 13. Teres major | 37. Levator scapulae | 61. Soleus |
| 14. Triceps brachii | 38. Transversus costarum | 62. Peroneus longus |
| 15. Semimembranosus | 39. Subscapularis | 63. External digitorum longus |
| 16. Vastus lateralis | 40. Levator scapulae | 64. Semitendinosus |
| 17. Sciatic Nerve | 41. Serratus ventralis | 65. Biceps femoris |
| 18. Tenuissimus | 42. Scalenus medius | 66. Teres major |
| 19. Adductor femoris | 43. Rectus abdominus | 67. Infraspinatus |
| 20. Sartorius | 44. Teres major | 68. Acromiotrapezius |
| 21. Vastus medialis | 45. Spinodeltoid | 69. Spinotrapezius |
| 22. Rectus femoris | 46. Levator scapulae ventralis | 70. Latissimus dorsi |
| 23. Semimembranosus | 47. Supraspinatus | 71. Acromiodeltoid |
| 24. Adductor femoris | 48. Clavobrachialis | 72. Clavobrachialis |
