S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

A2. Is the system of personnel position control independent from the payroll system?

A3. Is enrollment decreasing in both the prior and current fiscal years?

A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?

A5. Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?

A7. Is the district's financial system independent of the county office system?

A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)

A9. Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?

ADULT EDUCATION FUND

2021 - 2022

First Interim

Adult Education Fund 2021-2022 First Interim Budget Assumptions

Overview

Adult Education Funds are designed to provide programs, which enhance adult education. The Murrieta Valley Adult School's mission is to equip students for life-long learning through lessons in academics, accountability, attitudes, and ethics that will facilitate the transition to a successful future.

The Adult Education Fund includes the General Education Development (GED). This program is designed for students to meet high school diploma standards.

Federal funding offers various categorical programs including Adult Basic Education (ABE), Adult Secondary Education (ASE), High School Diploma (HSD), English Second Language (ESL), English Literacy Civics (EL Civics) and Citizenship. The core elements of these programs provide adult basic education, general education development, citizenship, English as a second language and instruction to the community.

Summer camps, preparation classes, and online classes are also included in the Adult Education Fund.

Revenues

Federal revenues are based on the 2021-2022 grant awards. Total 2021-2022 First Interim federal revenues are projected at \$84,911.

State revenues include AB104 Adult Education Block Grant funding projected at \$316,145. STRS On-Behalf Pension contributions to the California State Teachers' Retirement System (CalSTRS) are included at \$23,726. Total 2021-2022 First Interim state revenues are projected at \$339,871.

Local revenues are projected at \$268,000 and include online classes, GED testing fees, summer camp programs, and interest earnings.

Federal funding is equal to 12% of total revenues. State funding is equal to 49% of total revenues. Local revenue funding is equal to 39% of total revenues. Total 2021-2022 First Interim revenues are projected at \$692,782.

Adult Education Fund 2021-2022 First Interim Budget Assumptions

Revenues-continued

Expenditures

State and local revenues are used to cover the costs associated with the Adult Education GED program and professional growth classes. Expenditures include salaries and benefits for the instructional and classified personnel and the operating costs to maintain these programs.

Federal revenues are used to fund categorical programs. Expenditures include salaries, benefits, operating costs, and administrative costs relating to such programs. Since the revenues received for these grants are restricted, expenditures must correlate with each program and cannot be commingled or spent in areas unrelated to the specific grant.

As allowable, the indirect cost rate for the Adult Education unrestricted program is 5%.

Salary and benefits account for 66% of total expenditures. Step and column for all classified employees is \$1,916 plus statutory benefits of \$648 for a total of \$2,564. Step and column for all certificated employees is \$578 plus statutory benefits of \$125 for a total of \$703. Other expenditures include books, instructional and administrative supplies, travel, and other operating expenses which account for 34% of total expenditures. Total 2021-2022 First Interim expenditures are projected at \$983,206.

CHILD DEVELOPMENT
FUND

2021 - 2022

First Interim

Child Development Fund

2021-2022 First Interim Budget Assumptions

Overview

Murrieta Valley Unified School District child care was established in 1982 to meet the need for before and after school child care for students who are enrolled in the district. Child Development Funds also provide Parent Center classes, which are utilized to provide the educational needs for the benefit of caregivers and families.

Programs included in the Child Development Fund consist of: Student Enrichment and Extended Day (SEED); SEED camp for non-school days; Parent Center; Early Childhood Education-subsidized and parent pay programs. Family Services has a State Preschool direct contract with California Department of Education, Early Learning and Care Division (CDE-ELCD) that funds part-day programs at Tovashal, Murrieta and Buchanan Elementary schools. Family Services is a subcontractor of Riverside County Office of Education-Early Care and Support Division (RCOE-ECSD) to provide part-day State Preschool at Lisa J. Mails, Tovashal, Cole Canyon, E. Hale Curran, Buchanan, and Monte Vista Elementary schools. State Preschool families must meet California Department of Education (CDE) CDE-ELCD guidelines for income eligibility. The State Preschool staff to child ratio is one adult to eight children. Part-day State Preschool is offered one-hundred and eighty days per year, three hours per day. Family Services also offers families a parent pay, one-hundred and eighty days per year, three hours per day, early childhood education program. The parent pay program is for families that exceed state guidelines. The Early Childhood Education parent pay program is offered throughout the district. Family Services Early Childhood Education programs at E. Hale Curran, Buchanan and Murrieta combine with Special Education preschool programs to provide daily inclusion opportunities. The Early Childhood Education program provides comprehensive early learning experiences. Annually, children in the Family Services Early Childhood Education program have developmental, dental, hearing (CDC only) and vision assessments.

Family Services Child Development Center (CDC) established in October 2007 is located at 24300 Las Brisas Road, North. Currently, MVUSD Family Services operates six full-day, full year State Preschool and General Child Care classrooms at the Child Development Center for eighteen month through four-year olds. The CDC is open 7:00 a.m.—5:30 p.m. and is a year-round program, operating year-round 243 days, closed only for District holidays. Families utilizing services at the Child Development Center are directly funded by CDE-ELCD, toddlers will continue to be primarily funded through RCOE-ELCD, CDE-ELCD, General Child Care or California State Preschool funds and must qualify based on income and need. Fifteen percent of the children at the Child Development Center are parent pay. The CDC follows State of California Title 5 regulations and Community Care Licensing Title 22 regulations. At the Child Development Center, staff to child ratio for three and four-year olds is one adult to eight children, group size of twenty-four. For toddlers the staff to child ratio is one adult to four children, group size of twelve. The Child Development Center provides comprehensive early learning experiences, developmental assessments, dental, hearing and vision assessments and nutrition services.

Child Development Fund 2021-2022 First Interim Budget Assumptions

Overview - continued

Family Services also offers Student Enrichment and Extended Day (SEED) programs at all elementary schools. Summer, Spring, Winter and Fall camps offer activities when children are not in school. Historically, there are over six-hundred students enrolled in the SEED program. Twenty-five percent of the families are subsidized through RCOE-ECSD funded by CDE-EESD. Subsidized spaces are available at Avaxat, Buchanan, Murrieta, Alta Murrieta, and E Hale Curran Elementary schools' SEED programs. The staff to student ratio is one adult per eighteen children. Services are available Monday through Friday from 6:30 a.m. until the start of school and after school until 6:00 p.m. Kindergarten and TK Wrap-around is available when the child is not in Kindergarten or Transitional Kindergarten. Operational since 1994, the Parent Center is currently located at the Child Development Center, 24300 Las Brisas Road, North. Collaborating with Riverside County Mental Health and MVUSD Mental Health Team, a variety of classes are offered at the Parent Center (virtual during COVID-19). The Parent Center also provides meeting and support group space to district departments and the community.

Revenues

Revenues within the Child Development Fund are received from unrestricted and restricted sources.

Federal Revenues are based on 2021-2022 information provided by the grantee. Total 2021-2022 First Interim federal revenues are projected at \$1,056,158.

State Revenues in the Child Development Fund include grants from the California Department of Education-Early Learning and Care Division and Riverside County Office of Education Unit-Early Care and Support Division. Due to the current health concern and its impact on enrollment, our direct and indirect contracts will be held harmless meaning we will earn our full awards. State revenues are projected at \$2,149,328. STRS On-Behalf Pension contributions to the California State Teachers' Retirement System (CalSTRS) are included at \$33,238. Total 2021-2022 First Interim Budget state revenues are projected at \$2,182,566.

Unrestricted revenues in the Child Development Fund include local parent fees for SEED, other grants and interest earnings. In anticipation of a full opening for the 2021/2022 school year, revenue from these sources is projected at \$1,200,000. This projection is dependent on reopening with no group size restrictions and community need for enrollments. Other Local revenues are projected at \$370,000 and include parent fees from Riverside County Office of Education services within the Center Based Program (CCTR) and California State Preschool Program (CSPP). 2021-2022 First Interim Budget local revenues are projected at \$1,570,000.

Federal and state revenue funding is equal to 67% of total revenues. Local revenue funding is equal to 33% of total revenues. Total 2021-2022 First Interim Budget revenues are projected at \$4,808,724.

Child Development Fund 2021-2022 First Interim Budget Assumptions

Revenues- continued

Expenditures

Federal and state revenues are used to fund the restricted programs and cover such expenditures as salaries, benefits, operating costs and indirect costs. Since the revenues received for these grants are restricted, expenditures must correlate with each program and cannot be commingled or spent in other areas not relating to the specific grant. Due to the current health concern, our federal and state contracts will be “held harmless” as an extension of SB 820. This means we will earn our full contract based on expenses. Family Services plans on using these funds to make program improvements at our CSPP and CCTR sites.

Parent fees and local revenues are used to cover the costs associated with unrestricted expenditures. Such expenditures consist of salaries and benefits for classified personnel, operating, and indirect costs to maintain these programs.

Salary and benefits are equal to 87% of total expenditures. Step and Column for all certificated employees is \$13,107 plus statutory benefits of \$3,846 for a total of \$16,953. Step and Column for all classified employees is \$12,516 plus statutory benefits of \$4,179 for a total of \$16,695. Other expenditures totaling 13%, include instructional and administrative supplies, non-capitalized equipment, travel, memberships, repairs and maintenance, reprographics, professional services, debt services and indirect costs. As allowable, the indirect cost rate of 5.56% is included for both unrestricted and restricted programs. Total 2021-2022 First Interim Budget expenditures are projected at \$5,069,529.

Fund Balance

The Child Development Fund started the fiscal year with a beginning balance of \$160,827. The impacts of COVID-19 have resulted in significant revenue losses and therefore, projected deficit spending is estimated at <\$260,805>. This deficit will exhaust the fund balance and require a contribution from the General Fund of \$99,978 to maintain an ending balance of \$0 for the 2021-2022 fiscal year.

MURRIETA VALLEY
UNIFIED SCHOOL DISTRICT

Inspiring every student to think, to learn, to achieve, to care.

CAFETERIA SPECIAL
REVENUE FUND

2021 - 2022

First Interim

Cafeteria Special Revenue Fund 2021-2022 First Interim Budget Assumptions

Overview

Cafeteria Special Revenue Funds are designed to provide nutritional food programs for the Murrieta Valley Unified School District. The Cafeteria Special Revenue Fund is self-funded and prepares and provides breakfasts and lunches for all elementary, middle, and high schools. In addition, the Nutrition Services Program provides meals for the preschool, county operated Head Start and State Preschools, as well as after school snacks for elementary and catering events within the Murrieta Valley Unified School District. In addition to these services, the Nutrition Services Program also provides a la carte meals at all middle and high schools. Meals and a la carte foods are available before school, during breaks and lunch periods.

All food prepared by the Murrieta Valley Unified School District Nutrition Services Department meets or exceeds the federal and state approved menu planning system. This method requires that all meals be structured to meet such regulations for calorie ranges, sodium targets, whole grain servings and fruit and vegetable servings. Meals must also be less than 10% saturated fat with zero trans fats per serving. This method ensures our students are provided with the nutrients required for their age and development.

The Nutrition Services Program prepared and served 696,592 breakfasts and 702,445 lunches, as well as a la carte meals during the 2020-2021 fiscal year.

Revenues

Pursuant to Section 2202(a) of the Families First Coronavirus Response Act (FFCRA), the USDA has extended Summer Feeding programs nationwide through June 30, 2022. Murrieta Valley Unified has chosen to participate in the USDA Summer Seamless Program allowing all students to receive breakfast and lunch at no cost. Each meal received is reimbursed at the Summer Food Service Program free rate.

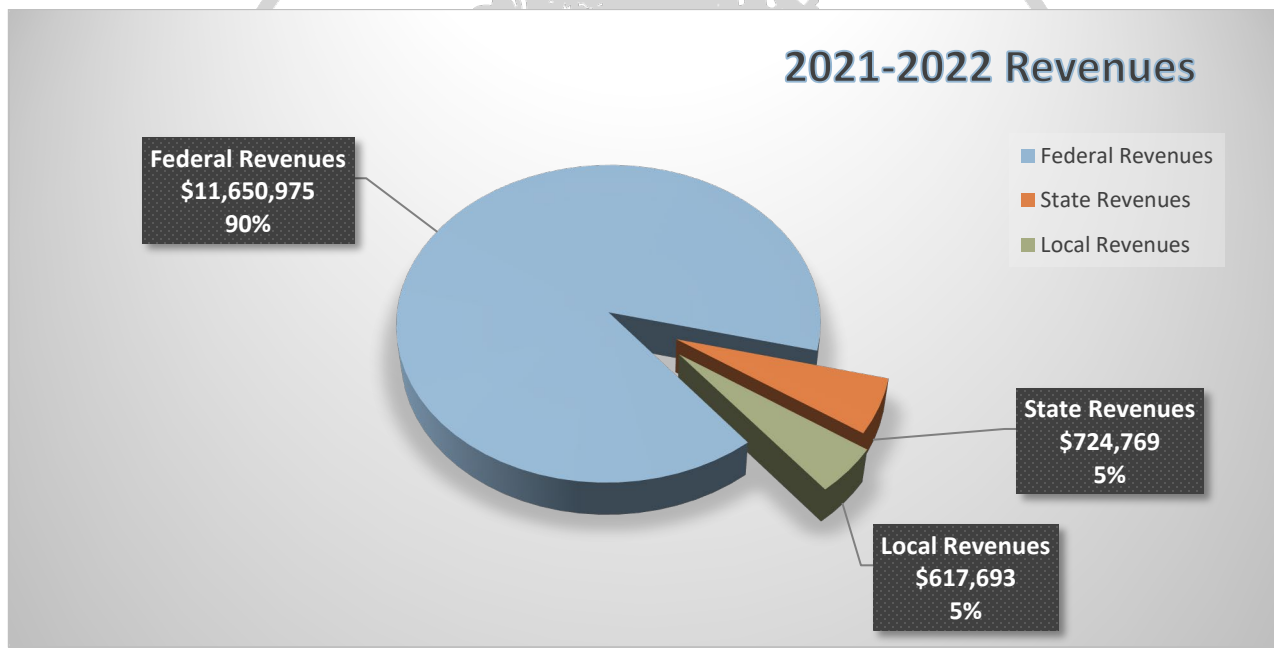

Revenues within the Cafeteria Special Revenue Fund include unrestricted sources and federal and state reimbursements. Revenue projections are based on 180 student days. Federal and state reimbursements are based on qualifying meals. Revenue from these sources is projected at \$12,375,744 and is based on 2021-2022 program participation levels through October 2021. Federal donated commodities entitlement is projected at \$612,148 and pursuant to section 2202(a) of the FFCRA, as extended by the Continuing Appropriations Act 2021, will be based on the number of lunches served during the 2018-2019 fiscal year.

Cafeteria Special Revenue Fund 2021-2022 First Interim Budget Assumptions

Revenues – continued

Unrestricted revenues include meal sales, and interest earnings. Revenue from these sources is projected at \$617,693 and is based on a la carte food sales from the 2021-2022 participation levels in October 2021, current interest rates, cash-flow analysis, and historical data.

Approximately 35% of the students in the Murrieta Valley Unified School District qualified for either free or reduced meals. Federal and state reimbursements are equal to 95% of total revenues. Donated food commodities within federal revenues are equal to 5%. Local revenues are equal to 5% of total revenues. Total 2021-2022 revenues are projected at \$12,993,437.

Expenditures

All revenue sources are used to cover total expenditures within the Cafeteria Special Revenue Fund.
