

## **School Age Program & Toddler (CTR) Income Ceiling Chart/Cost-assisted Eligibility**

Some families *may* be eligible for cost-assisted (subsidized or reduced) before/after-school childcare based on gross (before taxes) income and family size.

The below **Schedule of Income Ceilings** is used to determine if your family qualifies for cost assistance care. Families must complete the enrollment process before applying for before/after-school care placement. In this process an eligibility clerk will work with each family to determine the level of subsidized support available based on the below income ceiling guidelines.

**The following Schedule of Income Ceilings must be used in determining income eligibility for families initially certified or recertified on or after July 1, 2022.**
