Keeping our families connected

MAY 2021

Letter From Our Principal

Dear Parents and Students:

The week of April 27th we began a four day a week hybrid option and we will continue this throughout the remainder of the school year. All hybrid in-person students may attend in-person four days per week, Tuesday-Friday using their current schedule. Virtual students will remain virtual. If the expanded learning time on campus does not meet your family's needs, please contact our school counselors or administration to discuss and modify to the extent possible. We are cautious to keep hybrid classes at a capacity to stay consistent with CDC guidelines. Currently about half of our students attend school in hybrid mode and half in virtual.

This has been a challenging year for many of our students. We do have summer school options for students to recover credits. We encourage students/parents to contact a school counselor if a student needs these supports. Currently about 150 students have signed up for summer school.

During the month of May we have four weeks of school followed by final exam week the first week of June. Senior finals will be the week of May 24-28th, with graduation in our stadium on June 3rd. The last day of school for Freshmen, Sophomores and Juniors is June 4th. Seniors, please be sure and check our Class of 2021 Senior Events schedule for all senior activities.

Many of our athletic teams will continue deeper into the school year than normal. We are required to have limited attendance at athletic contests and are required to follow all CDC guidelines. The CIF playoffs for several sports will continue into June and some after the school year ends.

Some of our academic competitions have continued competing virtually. Despite having to perform virtually, our Virtual Enterprise, Cheerleading and Robotics teams have earned National recognition this year. Several of our video production students earned County recognition for videography.

The plan for the 21-22 school year is to return in traditional mode.

We are in this together. Together We Soar!

Doing it the R.I.T.E. Way (Respect, Integrity, Teamwork, & Excellence),

Dr. Mark Pettengill, Principal
Murrieta Valley High School
