

Happy last week of school!! I know it has been a challenge to complete the work from home with your kiddos at times. Many of you work and have other kids to do stuff with. I am hoping having everything here and ready for you other than to click the links will make this last week more fun and doable. This has been very hard on me as well as I would much rather be in the classroom with the kids seeing and celebrating their achievements. I miss your kiddos terribly and would **love active participation** this week with lots of pictures!!! Please 😊
