## Math

GO MATH - Chapter 12

❖ Tue – Thurs – Chapter 12 Lessons 4-8 (last math chapter)

Do ISE online or watch Joann's School Videos (links on links page)

\*\*\*For this chapter you will NEED pattern blocks. See the resources page on the website to print ones that you can cut out.

I have found in the past that the lessons in this last chapter tend to go very quickly. Most students can do them without taking too much time. Our goal is to complete chapter 12 by the end of the school year next week. Work at a pace that works for your child. I'll make the chapter 12 test available this week for those students who are able to complete the chapter and want to take it early. If your student has trouble with anything, watch the Joann's school videos or message me for help!
