YOUR OPINION COUNTS! Our school is asking for feedback from parents, regarding strengths and weaknesses. This feedback is critical to a successful Local Control Accountability Plan and must be submitted to the State of California every year.

The responses are collected as data and presented as such. The survey is anonymous. As an option, there is an opportunity to provide your contact information, if you have a specific concern, comment or question that requires follow-up. The survey will take approximately 10 to 15 minutes to complete, and the time you take to provide us with feedback is greatly appreciated. To take this survey, please visit:
