

# Comprehension Homework

Dear Parents,

The second part of first grade we will be concentrating on comprehension skills. I would like to try something new for homework with some of the children. We have three options to make this work.

1. Please go to Super Teacher web site at <http://www.superteacherworksheets.com/2nd-comprehension.html> to try the free comprehension stories and worksheets. If you like the site there is a one year fee of \$19.99.

2. You can also go to Lakeshore to purchase a comprehension work book.

3. I can print some comprehension worksheets off for you. ( I am limited on copies)

**When doing the writing portion of the comprehension worksheet it is very important to**

**have your child answer the questions in complete sentences as opposed to one word answers.**

**Practice using capitals, spaces, and periods.** Turn in the homework daily just like writing homework.

Mrs. Simmons
