

Letters

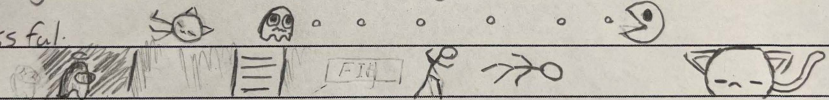

Dear Mrs. Talamo's new 6th grade students,

I'm Allison! here is a few things you should know
about Mrs. Talamo's class. #1 DONT CHEAT!!
If you cheat you will get a zero. #2 no food or
drinks. #3 make sure you get ALL your hw done
and turned in on time. #4 If you dont understand
something ask Mrs. Talamo. one more thing! if
theres extra credit do it. you may need it! -

Dear Mrs. Talamo's new 6th grade students,

I hope you're ready for an amazing 6th Grade year with Mrs. Talamo!
6th Grade might be a big transition for some of you, but it will be
really fun once you get used to it! Make sure to study and complete all
your assignments so you get a good grade. Trust me, you want a good
grade. I might not have all A+ for my classes but I hope all of you can
be successful.

! Beware! Mrs. Talamo knows when you're cheating.

Dear Mrs. Talamo's new 6th grade students,

Welcome to sixth grade! Congrats on making it to middle school! You're going to love Mrs. Talamo's class because she's so fun. You'll do cool activities, vocab games, and fun review games! Have a great year!

- Neriah Asuega (P2)

Dear Mrs. Talamo's new 6th grade students,

This whole message will be advice so number one don't talk a lot she will give you time to talk you just have to earn it. Number 2 don't think you can get off easy when you're in trouble. Number 3 don't take her as a mean teacher she's nice but she will be mean if you don't behave. She'll give you three chances for each student but after that she will call your parents and you don't want that. But overall she's a good teacher just be good.

Hi! Middle School is gonna be super different from elementary school so I'm gonna be your new favorite person and give you some useful tips! First tip, don't write upside down! People, including your teacher, will not be able to read it upside down. Second tip, don't use the bathroom in class! (unless you really need to). One second you could have a blank paper, the next minute you have an entire page worth of notes! Another tip is to respect your teachers. Remember they have dedicated their life to writing the same thing over and over again. But seriously, give them respect; the teachers here are amazing. Fourthly, practice your handwriting and spelling. I would be surprised if you have made it all the way down here, reading my horrible handwriting and still know what I am talking about. Fifthly, bring a book! Every time you early to finish something you are most likely told to READ. There will normally be other options but I know how much you love to read (since you are reading my beautifully written letter to you). Lastly have fun! (Not too much fun) Even though it's a class room you can still have fun. Just make sure that it's at the right time. You're going to do great this year!

Dear Mrs. Talamo's new 6th grade students,

Dear Mrs. Talamo's new 6th grade students,

To do well in this class you must keep your notebook in order. Notebook checks are worth a big part of your grade. Also, this year Mrs. Talamo will be teaching LA for the first time! She has done an amazing job with us (her 2021-2022 class) and I am sure she will do a great job at Language Arts too! Her class may be challenging at times, but work through the tough and ace that exam. If you do want to ace your exam DON'T CHEAT!!!!!! If Mrs. Talamo catches you cheating you will get a %0 and detention. Trust me, it is not fun (I have never been to detention). This class was my favorite class this entire school year and it was a ton of fun. I wish you guys to have as much fun as we did and an awesome year just like me.

Now I am wishing you to have a great year LEADING THE WAY!

BYE COLTS!!!

Dear Mrs. Talamo's new 6th grade students,

Goodluck 6th grade isn't that difficult. Some advice I have is join club's art club and the LGBTQ club are fun. Try to be as well behaved as possible because as I have seen you can get detention pretty easy. Mrs. Talamo is nice, funny, and doesn't give out too much homework. Try to be at school the most you can because you will miss a lot in all of your classes. Grades don't matter that much in the long run, but still try your best because your grades do help pick classes for next year. PE might seem weird and feel awful but you will get used to it after a while. If you're in choir Mrs. Taylor is really fun and nice. If you have Mrs. V she is really nice you play leahoots and blocket alot and she gives out candy. I didn't really have much to say but I hope you have fun. Congrats on being 6th graders now and don't get to stressed out.

Dear Mrs. Talamo's new 6th grade students,

I speak
Good luck
higuys, I'm Skyler and sadly I'm leaving the sixth grade. I had Mrs. Talamo when she was still Ms. Lyon. I love her class and her as a teacher shes so nice and funny. Some people call her mean and strict but I don't think so. Ya'll have her as a Language Arts & Social Studies teacher. Lucky you! I would love to have her for two periods a day I don't. I had Mrs. Depner for Advanced Language Arts and Ms. Lyon / Talamo for Social Studies. Heads up! She says her youngest sisters are identical twins but I don't buy it. My class doesn't either, but that's not the point of this letter the point of it is to welcome you. So welcome to DMMS and Have a Great Day Leading the Way Bye Cols. (Bye High)

P.S. I'd love to meet Ya'll so maybe write me a letter and see if Mrs. T can give it to me. I'll also be in Mac News next year as either Viviana or Skyler Salgado. So you can find me there too ^^ ** ♥ ♥

Dear Mrs. Talamo's new 6th grade students,

- * Some advice for you would be to ALWAYS!! study*
* for! EVERY TEST! you take in this class. Trust me *
- * another great thing to do is to save your *
* bathroom passes, they are worth extra credit! *
- * When Mrs. Talamo is speaking, listen to what she
* is saying, and don't talk over her! *you'll regret it* *
- * make sure to make all your flashcards, and turn *
- * them in by the due date so you don't fail! *
- * you also need to make sure your notebook is *
- * always up to date, so you don't fail your NB check *
- * NEVER! steal from Mrs. Talamo, or she will *
- * ☺ CHOP your FOOT OFF ☺ (not actually) *
- * make sure you turn in all your assignments! I *
- * recommend doing the extra credit ones if your ^{grade is} ~~grades~~ low *
- * Whenever you are making a map, use lots of color, *
- * and make sure the labels can be seen! ☺ *

☺ * My Experience in this class ☺ *

Overall, I had an amazing time being in this class. Here are some of my favorite memories ☺
One day when we were doing stations, I was sitting at the back table by the map. My friend sees a spider and tells me that it crawled under the map. Being dumb, I decide to lift up the corner. Then, the spider crawls out, and scares me, so I scream ☺

I think you guys will have an amazing year in this class ♡

Sincerely,

Dear Mrs. Talamo's new 6th grade students,

This year in this class was a awesome year. We got to play Review games, have breaks, and have parties. We got to learn about so many Ancient civilizations. Like, mesopotaimia, Egypt, India, China, Greece, Israel, and Rome. We had to take some exams, vocab quizzes, tests and a final. They were somewhat easy. Sometimes we even got to watch movies. That was so fun. We also had to make flash cards for each civilization. Sometimes we get to switch seats. One time we went outside 20mins before break and ate donuts and had juice. Also if you had A's, B's, or C's you get Ice Cream. We took Notes and wrote in Chinese. We have this point system and if you have more points then the teacher you get a end of the year party which we have. Sometimes the teacher lets you help pass back work. by the way ms. Lyon is such a nice teacher and is so Sweet. This was such a good year in ms. Lyons class it was so fun. I hope all of you new 6th graders have a great year in ms. Lyons class.

Dear Mrs. Talamo's new 6th grade students,

I had so much fun in Mrs. Talamo's Class and I hope you do too Mrs. Talamo is one of the best teachers in my opinion, she always makes our work fun and she is also a very funny and nice teacher. This year I only had her for social studies so I hope she makes L.A just as fun as she did with social studies this year I remember when I was in 6th grade on the first day of school I was so nervous but meeting all the new people and making new friends was the best day ever so don't be nervous. Just follow her rules and you won't get in trouble and you won't have to sign the behavior book. You might be afraid of your teachers but don't be! Once you get to know them you'll love them. And if you ever need help finding anything ask an 7th or 8th grader or even any other teacher because they will tell you where to go! Also one tip, if you ever need to use the restroom go before class so you won't need to use a bathroom pass. Save it till the end of the year for extra credit. But also outside and inside of the classroom get involved especially once you are in 7th because you will have a lot more choices to get more involved. Another tip always keep your notebook up to date because if you do those are easy points towards your grade. And also dress up for spirit days to get 5 star points but also to show school spirit. Try your best on test and quizzes. Always follow the rules. I love the W.E.B activities you guys have amazing W.E.B leaders this year so I hope you love the activities like I do. Well that's it I just wish you the best of luck this year and hope you enjoy it but also I hope to see you around school.

Dear Mrs. Talamo's new 6th grade students,

This year was very interesting and exciting. You guys will learn some things about the past and what it was like. Also, there's a lot of fun activities that you will do. Some of it may be challenging or easy but it will be an adventure! I think this class was pretty cool because we got to learn about Egypt, China, and etc. These civilizations are a lot more than they seem. They were interesting and fun most of the time, besides the lots of reading. But all of this prepares you for 7th grade social studies. I loved making new friends and meeting Ms. Lyon or her new teacher name is Mrs. Talamo. Be kind, respectful, and prepared for a wonderful 2 semesters of 6th grade. Also, my class was loud and excited so try to be calm and humble. I don't think the teacher minds a little excitement tho. Welcome to 6th grade! I hope you have a wonderful time at Dmms!

Dear Mrs. Talamo's new 6th grade students,

I was one of Mrs. Talamo's students and for 6th grade, just don't panic and do your work. Don't have a lot of missing assignments so you don't stack up on work. I know going into middle school can be nerve-wrecking but have courage. Be sure to participate too, as in life joining clubs and talking with friends. I hope to see you here at Dorothy McElheiny Middle school.

Dear Mrs. Talamo's new 6th grade students,

I would like to say that Mrs. Talamo is one of my favorite teachers. She's very funny and nice. One thing about her is that she doesn't play when it comes to her students' behavior. Most kids will say that that is a bad thing — but if you think about it, it's a good thing. Think about it... If she didn't care about her students' success, she wouldn't be as strict. In a room of a bunch of loud kids, you won't be listening to anything else other than a kid's life story. In that situation, Mrs. Talamo will make sure everyone's on task. Mrs. Talamo is a great teacher and anyone who is in her class is lucky.
