

# Miss Alcon's Distance Learning Page

## Assignments for the Week of:

### April 6 - 10

Reading: What invention do you know about?

Phonics Focus: Words with or, ore, and oar

Math: Measurement

Please spend about 1 ½ hours per day on the following.

❖ = **must do, all other assignments without a symbol are optional**

### Reading

- ❖ Wonders – log into website and complete assignments under the “to do” tab  
(Due by the end of the week)
- ❖ iRead - 20 minutes per day

### Writing

- ❖ Keep a daily journal. Use the following topics and then choose your own:
  1. What is your favorite movie, and write a review for someone to see it.
  2. What kind of robot would you invent? What would it do?

### Math

Chapter 9 lessons 1-4, complete at your own pace:

- ❖ Interactive Student Edition (ISE) – click on the lesson you are working on to learn the lesson before completing workbook pages
- ❖ Print workbook and homework pages or write problems on scratch paper (PG 513-536)
- ❖ Do first 2 pages of workbook and homework if time permits

### Science

Mystery Science with Mystery Doug

1. Sound and Vibrations (You will need a ruler)
2. Mini Lesson – how do germs get inside your body

(See link page to lead you to each lesson on the Mystery Science Website)

### Arts

Art for kids Hub – Draw a picture of a robot (see link page for resource)

### P.E.

Go Noodle  
Cosmic Kids Yoga

### Enrichment

Tovashal Student Links – iReady, RazKids, Imagine Learning, etc.

Scholastic Learning At Home – Take a look at week 2 day 10 for a great measurement activity.
