### **Buchanan Mission Statement:**

Buchanan Elementary School is a California Distinguished School (2010, 2014) that serves students in transitional kindergarten through grade five. Our mission statement is to inspire every student to think, to learn, to achieve, and to care! Our vision is that Buchanan graduates will be highly enthusiastic, highly proficient, and self-directed learners. They will be thinkers who possess a strong foundation in basic skills and a desire for lifelong learning. They will display a sense of humanity, value diversity, and treat others with kindness and respect.

Staff, families, and our entire community are partners, actively working together for the benefit of each child's education. Everyone assumes responsibility for the success of the school community. Through the collaboration and support of teachers, parents, and community, students will build foundational skills at each grade level that will provide them with the building blocks of literacy, numeracy, thinking skills, and social skills so that they may feel confident as both learners and contributors in our ever-changing society.

Doing what is best for kids is what we strive for each and every day for all students. In this pursuit, Buchanan uses a Growth Mindset, Universal Access, and PBIS. A Growth Mindset instills a mantra of perseverance, effort, and grit. The belief that the brain can grow and change. You can become more intelligent by taken on challenges. In Universal Access, teachers use data to assess and provide intervention/prevention and acceleration to meet the needs of every student. Using Positive Behavior Intervention and Supports (PBIS) and Second Step curriculum Buchanan has a purposeful approach to teaching social skills. We ensure an environment where everyone is expected to be Respectful, Responsible and Safe.

Jennifer Randel, Principal

### **Highlights & Achievements**

- In spring 2017, Buchanan students grade 3 – 5 participated in the CAASPP assessments. In English Language Arts, 62% of 3rd graders, 61% of 4th graders and 64% of 5th graders met or exceeded standards in English Language Arts. In math 58% of 3rd graders, 64% of 4th graders and 45% of 5th graders met or exceeded standards in Math. This year our school-wide focus is on Math with small group instruction and Number Talks to close the achievement gap.
- Buchanan Elementary was selected by the Campaign for Business and Education Excellence again as a 2016 Honor Roll School for raising student achievement and closing achievement gaps.
- Buchanan Elementary is committed to working in collaborative teams called Professional Learning Communities, to build a school of high performance learning that fosters personal accountability. Analyzing student data, staff members prescribe intervention, prevention and acceleration programs utilizing technology to ensure that each student has access to the curriculum. Buchanan's primary academic goal is to provide students with a standards-based curriculum that is presented in a meaningful and nurturing environment.
- At Buchanan we promote a well rounded education by providing opportunities for performing arts exposure through 5th grade band, 4th grade recorders, 3rd - 5th grade before school choir, 3rd and TK Hip Hop dancing, cartooning in 3rd grade, 2nd grade Ballroom dancing and Introduction to Art appreciation, 1st grade Introduction to Music appreciation and musical theater, Kindergarten sing-a-long and K - 5th grade school musical. This activities help stimulate a student's creative talents and promote self confidence.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

All textbooks used in MVUSD are aligned with the State of California's standards and curriculum frameworks, they are field tested with students and reviewed by administrators, teachers and parents before being adopted by the Board of Education.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Buchanan Elementary School opened in August 2001. The school has 53 classrooms, a multipurpose room with a kitchen/cafeteria, four computer labs, a library, an outdoor eating area, an amphitheater, administrative offices, a health office, teacher workrooms, and two play areas—one for kindergarten students and one designated for students in grades one through five. Childcare facilities for students in grades kindergarten through five are located on campus in a separate room. We are also home to a kindergarten readiness program and pre-school instructional classes and playground.

We have ample space for the number of students enrolled at the school. At certain times during the school year the school may be at or near capacity. When that occurs, new students may be assigned to an overflow school in the district where classroom space exists.

Upkeep, maintenance, and cleaning of district schools are provided by the district's Facilities and Operational Services Department. Schools and restrooms are cleaned daily and the principal works with the custodial staff to ensure a clean and safe school. Graffiti is removed as soon as it is discovered. District maintenance staff picks up litter and maintains landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given priority.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Students with Disabilities	30	30	100.0	33.3

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2017-18)

Parents are welcome at school, and the school staff sincerely appreciates their support and participation. Parents are invited to attend Back-to-School Night in the fall, Open House in the spring, parent-teacher conferences in the fall, bi-weekly Friday Spirit Assemblies and various other activities on campus.

Parent and community involvement are encouraged through PTA and School Site Council (SSC). The PTA is actively involved in Red Ribbon Week, PTA Reflections, Watch D.O.G.S., assemblies, book fairs, and activities to enhance school and community spirit, as well as reward and incentive programs. The primary task of the SSC, which includes four parents and four staff members, is to ensure that the school is continually engaged in identifying and implementing curriculum and instructional practices that result in both strengthening the core academic program and guaranteeing student access to and success in that program. This is accomplished through the development of the Single Plan for Student Achievement which provides on-going monitoring of all related budget/expenditures. The SSC also reviews the implementation and effectiveness of the Single Plan for Student Achievement and the Parent Involvement Policy on an ongoing basis and makes modifications in the plans to reflect changing improvement needs and priorities.

As part of our Parent Involvement Policy and vision we want our school to be a place where a partnership exists between our parents and staff. Through increased parent involvement we expect to increase student achievement and narrow the achievement gap.

Buchanan provides parents with activities and programs linked to improving student achievement to enable them to help their child learn and meet academic standards. Our ELAC, Coffee and Conversation with ELL parents, parent workshops for math, and Family Math Night bring families on campus to better understand their students' school experience. Our military families program links families with similar experiences together for support.

As effective advocates for their children's academic success, we encourage parents to support learning by monitoring attendance, homework completion, television viewing, and video game playing. We also encourage volunteering in the classroom, participating in decisions related to educating your child and participation in extracurricular activities.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

School safety is a high priority at Buchanan Elementary. Administrators and teachers monitor the campus, supervise the students, and ensure a safe learning environment. Buchanan Elementary is a closed campus that is fully fenced. Visitors and volunteers must report to the office for permission to be on campus and be cleared through our Raptor Management System. School Resource Officers respond to the school if needed. Our computerized calling system, Blackboard Connect Ed, is used to call all families immediately in an emergency.

The district holds monthly safety meetings and our School Site Council (SSC) works on our Safety Plan throughout the year. We adopted a Comprehensive School Safety Plan that we review annually and approve yearly. Staff and students attend assemblies that address safety issues. Families are advised of any changes to our Safety Plan in newsletters and in our annual parent student handbook.

Video surveillance cameras across our campus are a deterrent to trespassers, vandalism, or other illegal activities on campus. They also help administrators with discipline issues and help in the investigation of any crimes that occur on campus during the school day or after school hours, making our school safer and more secure. We utilize the Raptor Visitor Management System to screen parent volunteers before they enter to ensure all volunteers are screened against California's Megan's Law database as well as all 50 states' sex offender databases.

Murrieta Police Department officers teach the DARE curriculum to all fifth graders to give them the skills and confidence necessary to resist the use of alcohol, drugs, and gang involvement. The district has a strictly enforced antidiscrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

To prepare for emergencies, evacuation drills are conducted regularly throughout the school year, and our school actively participates in the statewide Great Shakeout. After each drill, we assess effectiveness and implement new procedures as needed. In addition, the school has an Emergency and Disaster Preparedness Plan, which aligns with the NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lockdowns, hazardous materials, disaster recovery organization, and student accountability following a disaster.

**Professional Development provided for Teachers**

All teachers in the MVUSD school district participate in ongoing professional development as a part of the district's commitment to continuous learning.

New teachers are provided support and the opportunity to clear their credential through the district's Teacher Induction Program, which takes them through a rigorous and reflective learning process with the help of a mentor teacher.

All teachers take part in monthly staff meetings that are used for training, community building, and communication. Regular Early Release and Late Start days provide teachers with time for Professional Learning Communities (PLC's). This learning time designed by teachers and focused on supporting all students in meeting the state standards. Staff development days are held three times throughout the school year. The design of these days may be facilitated by the site or district and involves training on district-wide focus areas. The district also provides training in the new standards to all teachers, both by grade level and by subject. These occur during the school year (release days) or in the summer. Individual schools also fund professional conferences for teachers based on current areas of focus.

The district also provides a foundational training entitled, Elements of Effective Instruction. The program is made up of fourteen modules, including topics such as classroom environments, student engagement, designing instruction, and digital learning experiences along with topics for special education teachers. These modules, along with follow up sessions, are repeated throughout the school year and summer and are available to all teachers.

Staff development is provided in the form of community teams for those teachers taking part in or leading the implementation of intervention programs, such as Read 180/System 44, iRead, and Math 180. These regular meetings provide teachers with a deeper understanding about issues related to the programs and to intervention, as well as a forum for collaboration, reflection, and goal setting.

In the 2015 – 2016 school year, staff development continued to emphasize the transition to the new California state standards, primarily Mathematics and English Language Arts.

### Types of Services Funded

The district provides a wide array of programs to meet the needs of our diverse student body. This includes programs to identify and support students and their families through times of crisis and stress. A health technician, nurse, and psychologist are also available to meet with students.

The district provides an elementary counselor to our school approximately two and a half days a week to support academic success. Counselors teach guidance lessons and facilitate small groups on social skills, anger management, grief and loss and provide support to military-connected students. They also provide individual responsive services, interventions and referrals on an as needed basis.

Homework clubs, before- and after school tutoring programs, and extended learning opportunities during the summer break provide additional support for students who need assistance with basic curriculum.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
