School Description

E. Hale Curran Elementary School is a STEM focused school serving students in Preschool through 5th grade. STEM - science, technology, engineering and math education, is integrated into the regular curriculum as well as through project-based instruction. We are committed to creating an environment where children are excited about learning and approach learning with a growth mindset. Through our STEM focus, we are working on developing and fostering 21st century learning skills. We believe that students must develop creativity, curiosity, collaboration, communication and critical thinking skills in order to be college and career ready. We are a community of learners where the needs of children come first. Our goal of every student achieving at high levels drives our decision making and instructional planning. Through our focus on student learning and high expectations for all students, we are preparing our students for success.

We invite parents and community members to join us as we focus on student learning and set high expectations for our students that will help them be successful. Together we can prepare today's students to succeed in tomorrow's world.

Pam Roden, Principal

Highlights & Achievements:

- E. Hale Curran was recognized as a 2018 California Distinguished School..
- E. Hale Curran was selected by the Campaign for Business and Education Excellence as a 2018 Honor Roll School for raising student achievement and closing achievement gaps.
- California Assessment of Student Performance and Progress (CASSPP) assessments report 58% of students in grades 3 – 5 met or exceeded standards in English Language arts, and 49% of students in grades 3 – 5 met or exceeded standards in Math.
- Our staff meet in Professional Learning Communities and Data Meetings to analyze our assessment results and develop detailed goals to raise students' academic scores.
- Our staff also meet for STEM Collaboration with our TOSA to design STEM understanding by design (UBD) units of study.
- Programs such as FasttMath, Do the Math, Math 180, Phonemic Awareness Reading Support, System 44, Reading Counts, i-Reads, i-Ready and READ 180 have been implemented to help all students achieve academic success.
- E. Hale Curran promotes a well rounded education by providing opportunities for performing arts exposure through the 5th grade Everybody Plays Program and grade level programs offered through Horizon's Unlimited
- Curran encourages family involvement with Math Night, Engineering Night, and a STEM Expo as well as numerous PTA events.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

All textbooks used in MVUSD are aligned with the State of California's standards and curriculum frameworks, they are field tested with students, and reviewed by administrators, teachers and parents before being adopted by the Board of Education.

School Facility Conditions and Planned Improvements (Most Recent Year)

E. Hale Curran Elementary School opened in 1989. The school has 34 classrooms, a multipurpose room, several computer labs, a library, cafeteria, administrative offices, a staff lounge, and four play areas—one for preschool students, one for kindergarten students, one for SEED and one for students in grades one through five. Childcare facilities for all grades are located on campus in a separate building and play area. We have ample space for the number of students enrolled at the school.

Upkeep, maintenance, and cleaning of district schools are provided by the district. Schools and rest rooms are cleaned daily, and the administration works with the custodial staff to ensure a clean and safe school. Any graffiti or vandalism is removed or repaired as soon as it is discovered. District maintenance staff members regularly pick up litter and maintain landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Recently the school received a new, state of the art, fire alarm system as well as new roof work on several buildings. Our blacktop areas were also resurfaced over the summer. Work order requests, assigned through a computerized work order system, ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	53.0	58.0	61.0	60.0	48.0	50.0
Math	50.0	50.0	46.0	48.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	17.0	21.0	30.0

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Murrieta Valley Unified School District is committed to collaborating with parents and providing opportunities for engagement. Parent volunteers are a great asset to our classrooms and enhance student learning opportunities. With an open-door policy in place, parents are encouraged to speak with teachers and administration about any issues or questions. Monthly Coffee with the Principal/Counselor meetings provide parents with another opportunity to regularly meet with administration to learn about school and district initiatives.

Once a month EL parents are invited to an EL Coffee session where issues pertinent to their students are discussed. Curran participates in All Pro Dads, a monthly breakfast/dinner session where students and their dads (uncles, grandpas or significant males) participate in activities to enhance effective communication and promote educational involvement.

Curran invites parents and students to attend Back-to-School Night in the fall, Parent-Teacher Conferences in October, and STEM Expo in the spring. In addition, families are invited to participate in Math Night, Engineering Night, and our STEM Expo in March.

Parent and community involvement is encouraged through PTA and School Site Council. The PTA is actively involved in Red Ribbon Week, Reflections, School-wide assemblies, book fairs, and other activities to enhance school and community spirit. The School Site Council composed of parents and staff members meet 3 - 4 times/year to make informed decisions regarding the school including a review of the School Plan for Student Achievement.

Lastly, there are several parent focused groups through the district which are open to all parents. Some of these committees are; the African-American Parent Advisory Group (AAPAC), Latino Parent Advisory Council (LPAC), District English Language Advisory Committee (DELAC), Special Education Parent Advisory Committee (SEPAC) and Measure BB Oversight Committee. Each group is comprised of dedicated parents who are steadfast in promoting strategic efforts to support student learning and college/career readiness. In 2018, the AAPAC and LPAC hosted a the second annual 'Step Up to Success' parent event. This event focused on providing information about educational mandates and supports such as; A-G requirements, behavioral/social supports, college financial aid, and educational technology to improve student achievement. Each AAPAC, LPAC, DELAC and SEPAC meetings are regularly scheduled, noticed in advanced, provide childcare and interactive opportunities for parents to provide feedback.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School safety is a high priority at E. Hale Curran Elementary. Administrators, teachers, and playground aides monitor the campus, supervise the students, and ensure a safe learning environment. School Resource Officers are available to respond to the school if necessary. Curran is a physically closed campus that is fully fenced. Visitors and volunteers must report to the office for permission to be on campus. All visitors wear visitor badges and are checked through our district Raptor System. The Raptor Visitor Management System screens parent volunteers before they enter to ensure all volunteers are screened against California's Megan's Law database as well as all 50 states' sex offender databases.

The district holds safety meetings and our School Site Council works on our Safety Plan throughout the year. Our school adopted a Comprehensive School Safety Plan that we review annually. The plan is presented to all staff and parents and there are numerous student assemblies that address safety issues.

Numerous video surveillance cameras across our campus are a deterrent to trespassers, vandalism, and other illegal activities. They also assist administrators with discipline issues and help in the investigation of any crimes that occur on campus during the school day or after school hours, making our school safer and more secure.

The district has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

Emergency evacuation drills are conducted regularly throughout the school year. In addition, the school has an Emergency and Disaster Preparedness Plan aligned with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a computerized calling system, Blackboard Connect, to immediately notify all families of an emergency via email, phone call, text and app alerts.

Professional Development provided for Teachers

All teachers in the MVUSD school district participate in ongoing professional development as a part of the district’s commitment to continuous learning.

New teachers are provided support and the opportunity to clear their credential through the district’s Teacher Induction Program, which takes them through a rigorous and reflective learning process with the help of a mentor teacher. All teachers who are new to the district also receive three days of training to learn about key focus areas, as well as district expectations and procedures.

All teachers take part in monthly staff meetings that are used for training, community building, and communication. Regular Early Release and Late Start days provide teachers with time for Professional Learning Communities (PLC). This learning time is designed by teachers and focused on supporting all students in meeting the state standards. Staff development days are held three times throughout the school year. The design of these days may be facilitated by the site or district and involves training on district-wide focus areas. The district also provides training in the new standards to all teachers, both by grade level and by subject. These occur during the school year (release days) or in the summer. Individual schools also fund professional conferences for teachers based on current areas of focus.

The district also provides a foundational training entitled, Elements of Effective Instruction. The program is made up of fourteen modules, including topics such as classroom environments, student engagement, designing instruction, and digital learning experiences along with topics for special education teachers. These modules, along with follow up sessions, are repeated throughout the school year and summer and are available to all teachers, in both online and in-person capacities. The district has also added a digital, gamified approach to learning through a program entitled Alludo.

Staff development is provided in the form of community teams for those teachers taking part in or leading the implementation of intervention programs, such as Read 180/System 44, and TTM math. These regular meetings provide teachers with a deeper understanding about issues related to the programs and to intervention, as well as a forum for collaboration, reflection, and goal setting.

Staff development in 2018 – 2019 will focus on the following priorities: instructional shifts aligned with state standards for math, ELA, and NGSS; supporting English Learners through integrated and designated support; differentiation to meet the needs of all learners; equity and equitable practices; PLC’s; and social emotional support for students.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

The district provides a wide array of programs to meet the needs of our diverse student body. This includes programs to identify and support students and their families through times of crisis and stress. A health technician, nurse, and psychologist are also available to meet with students.

The district provides an elementary counselor to our school approximately five days week to support academic success. Counselors teach guidance lessons and facilitate small groups on social skills, anger management, grief and loss and they provide support for military-connected students. They also provide individual responsive services, interventions and referrals on an as needed basis.

Homework clubs, before and after school tutoring programs, and extended learning opportunities during the summer break provide additional support for students who need assistance with basic curriculum.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
