School Description

Murrieta Elementary School serves students in transitional kindergarten through grade five. The values and traditions of Murrieta Elementary focus on meeting the changing needs of our diverse student population.

Murrieta Elementary School is committed to providing each student with a high-quality education that reflects student achievement while emphasizing responsibility, life skills, and lifelong learning. We believe our primary purpose is to provide the opportunity for each student to learn to the best of his or her ability. Murrieta Elementary School was named a California Distinguished School Award in 2014. Our staff provides a caring and safe environment with strong, positive connections between students, staff and families. Consistent programs will provide depth in curriculum, using a wide variety of learning strategies to ensure success for all students.

We want to develop each student's skills to meet life's challenges with honesty, integrity, courage, and the desire to reach for intellectual and personal excellence for the betterment of the community, the nation, and the world. We invite parents and community members to join us as we continue to set high expectations and assist our students in "stalking success." Parents are considered to be an important part of the school experience. We value parents as participants. Parental support and enrichment help children view school as vital and relevant to their lives. Educating our youth must be a partnership. Together we can prepare today's students to succeed in tomorrow's world.

Robert Lurkins, Principal

Highlights & Achievements:

- In the fourth year of the California Assessment of Student Performance and Progress (CASSPP) testing, 62.3% of Murrieta Elementary School's 3rd-5th grade students met, or exceeded standards in English Language Arts and 55.3% of 3rd-5th grade students met, or exceeded standards in Math.
- Murrieta Elementary was selected by the Campaign for Business and Education Excellence as a 2015 - 2018 Honor Roll School for raising student achievement and closing achievement gaps.
- Our in-school interventions help our students improve their understanding of concepts and build skills they may be lacking.
- In addition to academics, we provide a variety of opportunities for children to participate in visual and performing arts through our Fine Arts Club, Choral Club, and fifth-grade band program. We also have our after school Discovery Programs where students are able to join Running, Ballet Folklorico, Stitching, Chess, Fine Arts, Geology, Ultimate Frisbee, J.A.B - Jaguars Against Bullying, as well as partnering with our community for a health and wellness program.
- Our students also participate in a Young Writer's Conference. During that week, our students participate in a variety of activities that inspire writing and reading. We also have an Imagination Machine assembly which features a theater group performing skits based on stories written by our students. We celebrate Read Across America in March in conjunction with Dr. Seuss Day and have many activities that help motivate children to read.

Our 2017-2018 Fitnessgram testing showed 83% of Murrieta Elementary School's 5th grade students reached the healthy fitness zones in five out of the six tested categories or six out of six of the tested categories.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

All textbooks used in MVUSD are aligned with the State of California's standards and curriculum frameworks, they are field tested with students, and reviewed by administrators, teachers and parents before being adopted by the Board of Education.

School Facility Conditions and Planned Improvements (Most Recent Year)

Murrieta Elementary School opened in 1958 as the first school in what would later become the Murrieta Valley Unified School District. Over the years classrooms, offices, and a cafeteria were added. A comprehensive modernization program was completed in 2002. The school has 40 classrooms, a multipurpose room, a cafeteria, a library/computer lab, administrative offices, a staff lounge, and two play areas—one for kindergarten students and one for first through fifth graders. Childcare facilities for all grades are located on campus in a separate room.

We have ample space for the number of students enrolled at the school. At certain times during the school year the school may be at or near capacity. When that occurs, new students may be assigned to an overflow school in the district where classroom space exists. The district provides upkeep, maintenance, and cleaning. Schools and rest rooms are cleaned daily, and the principal works with the custodial staff to ensure a clean and safe school. Graffiti is removed as soon as it is discovered. District maintenance staff members pick up litter and maintain landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	54.0	62.0	61.0	60.0	48.0	50.0
Math	47.0	55.0	46.0	48.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Murrieta Valley Unified School District is committed to collaborating with parents and providing opportunities for engagement. Active at the site is a Parent Teacher Club (PTC) that actively promotes parent involvement. Additionally, there are several parent focused groups through the district which are open to all parents. Some of these committees are; the African-American Parent Advisory Group (AAPAC), Latino Parent Advisory Council (LPAC), District English Language Advisory Committee (DELAC), Special Education Parent Advisory Committee (SEPAC) and Measure BB Oversight Committee. Each group is comprised of dedicated parents who are steadfast in promoting strategic efforts to support student learning and college/career readiness. In 2018, the AAPAC and LPAC hosted a the second annual 'Step Up to Success' parent event. This event focused on providing information about educational mandates and supports such as; A-G requirements, behavioral/social supports, college financial aid, and educational technology to improve student achievement. Each AAPAC, LPAC, DELAC and SEPAC meetings are regularly scheduled, noticed in advanced, provide childcare and interactive opportunities for parents to provide feedback.

Furthermore, parent and community involvement is encouraged through the Parent Teacher Club (PTC) and the School Site Council (SSC). The PTC is actively involved in Red Ribbon Week, assemblies, book fairs, activities to enhance school and community spirit, as well as reward and incentive programs. The primary task of the SSC, which includes five parents and five staff members, is to ensure that the school is continually engaged in identifying and implementing curriculum and instructional practices that result in both strengthening the core academic program and guaranteeing student access to and success in that program. This is accomplished through the development of the School Plan for Student Success which provides on-going monitoring of all related budget expenditures. The SSC also reviews the implementation and effectiveness of the School Plan for Student Achievement and the Parent Involvement Policy on an ongoing basis and makes modifications in the plans to reflect changing improvement needs and priorities.

Also present at the school site are Watch DOGS. These are fathers who are invited to participate in the program where they provide extra security, helping hands, and participate in all the great things that go on at our school everyday.

The contact person for parent involvement is our principal, Rob Lurkins. He can be reached at (951) 696-1401.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School safety is a high priority at Murrieta Elementary. Administrators and teachers monitor the campus, supervise the students, and ensure a safe learning environment. The district holds monthly safety meetings and our School Site Council (SSC) works on our safety plan throughout the year. We adopted a comprehensive School Safety Plan, which we review annually; our last review was in December of 2018. The plan is presented to all staff and parents, and we hold numerous student assemblies to address safety issues. School Resource Officers are available to respond to the school if necessary. We are a closed campus, and visitors and volunteers must report to the office for permission to be on campus. We utilize the Raptor Visitor Management System to monitor parent volunteers on campus to ensure all volunteers are screened against California's Megan's Law database as well as all 50 states' sex offender databases.

Video surveillance cameras across our campus are a deterrent to trespassers, vandalism, or other illegal activities on campus. They also help us with discipline issues and help in the investigation of any incidents that occur on campus during the school day or after school hours, making our school safer and more secure.

The district has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

To prepare for emergencies, we conduct evacuation drills regularly throughout the school year, and our school actively participates in the statewide Great Shakeout in October. After each drill, we assess effectiveness and implement new procedures as needed. In addition, our school has an Emergency and Disaster Preparedness Plan which specifies procedures for dealing with fire, flood, earthquakes, lock downs, acts of violence, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a computerized calling system, Blackboard Connect, to immediately notify all families of an emergency via email, phone call, text and app alerts.

Professional Development provided for Teachers

All teachers in the MVUSD school district participate in ongoing professional development as a part of the district's commitment to continuous learning.

New teachers are provided support and the opportunity to clear their credential through the district's Teacher Induction Program, which takes them through a rigorous and reflective learning process with the help of a mentor teacher. All teachers who are new to the district also receive three days of training to learn about key focus areas, as well as district expectations and procedures.

All teachers take part in monthly staff meetings that are used for training, community building, and communication. Regular Early Release and Late Start days provide teachers with time for Professional Learning Communities (PLC). This learning time is designed by teachers and focused on supporting all students in meeting the state standards. Staff development days are held three times throughout the school year. The design of these days may be facilitated by the site or district and involves training on district-wide focus areas. The district also provides training in the new standards to all teachers, both by grade level and by subject. These occur during the school year (release days) or in the summer. Individual schools also fund professional conferences for teachers based on current areas of focus.

The district also provides a foundational training entitled, Elements of Effective Instruction. The program is made up of fourteen modules, including topics such as classroom environments, student engagement, designing instruction, and digital learning experiences along with topics for special education teachers. These modules, along with follow up sessions, are repeated throughout the school year and summer and are available to all teachers, in both online and in-person capacities. The district has also added a digital, gamified approach to learning through a program entitled Alludo.

Staff development is provided in the form of community teams for those teachers taking part in or leading the implementation of intervention programs, such as Read 180/System 44, and TTM math. These regular meetings provide teachers with a deeper understanding about issues related to the programs and to intervention, as well as a forum for collaboration, reflection, and goal setting.

Staff development in 2018 – 2019 will focus on the following priorities: instructional shifts aligned with state standards for math, ELA, and NGSS; supporting English Learners through integrated and designated support; differentiation to meet the needs of all learners; equity and equitable practices; PLC's; and social emotional support for students.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

The district provides a wide array of programs to meet the needs of our diverse student body. This includes programs to identify and support students and their families through times of crisis and stress. A health technician, nurse, and psychologist are also available to meet with students.

The district provides an elementary counselor to our school approximately two and a half days a week to support academic success. Counselors teach guidance lessons and facilitate small groups on social skills, anger management, grief and loss and provide support to military-connected students. They also provide individual responsive services, interventions and referrals on an as needed basis.

Homework clubs, before and after school tutoring programs, and extended learning opportunities during the summer break provide additional support for students who need assistance with basic curriculum.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
