School Description

Cole Canyon Elementary School serves students in transitional kindergarten through grade five. Cole Canyon Elementary School is a partnership providing all students with access to an excellent educational program in order to achieve academic success. We provide a safe, secure atmosphere of mutual respect and trust. Staff, parents, and students work together to build academic achievement and character.

Striving towards excellence is an ongoing process at Cole Canyon Elementary School. To this end, we use standards-based curriculum and assessments to provide a strong base for our instructional program. Our campus provides a unique educational experience through the use of an inquiry based model of instruction. The inquiry-based model starts by posing questions, problems or scenarios—rather than simply presenting established facts or portraying a smooth path to knowledge. Inquirers will identify and research issues and questions to develop their knowledge and find solutions to issues or problems posed.

Additional programs and activities: Our students have the opportunity to participate in the choir program (Grades 3-5), the band program (Grade 5), our award winning Odyssey of the Mind Club (Grades 4-5), as well as our overnight Outdoor Science Camp, which offers a science based learning experience for our fifth grade students. We offer these programs to promote a well-rounded education, and to promote a strong character component throughout our campus.

Through authentic academic experiences, Cole Canyon engages and inspires students to become life-long learners who inquire and take action with a global perspective. We promote a community of respect and empathy to help our students grow into open-minded, caring community members.

Highlights & Achievements:

~ Our school took part in the fifth year of the California Assessment of Student Performance and Progress (CASSPP) assessments. 74% of students in grades 3 – 5 met or exceeded standards in English Language arts, and 75% of students in grades 3 – 5 met or exceeded standards in Math.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

Cole Canyon Elementary School opened in August of 2000 as the seventh elementary school in the Murrieta Valley Unified School District. The school has 48 classrooms, a multipurpose room with a kitchen, four computer labs, library, an outdoor eating area, an amphitheater, administrative offices, a health office, teacher workrooms, and two play areas—one for kindergarten students and one designated for students in grades one through five. Childcare facilities for students in grades kindergarten through five are located on campus in a separate room.

At particular times during the school year the school may be at or near capacity. When that occurs, new students may be assigned to an overflow school in the district where classroom space exists.

The district's Facilities and Operational Services Department provides upkeep, maintenance, and cleaning of district schools. Schools and restrooms are cleaned daily and the principal works with the custodial staff to ensure a clean and safe school. Any graffiti is removed as soon as it is discovered. District maintenance staff picks up litter and maintains landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	67	75	48	52	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Murrieta Valley Unified School District is committed to collaborating with parents and providing opportunities for engagement. Active at Cole Canyon is a Parent Teacher Club (PTC) and School Site Council (SSC) that actively promotes parent involvement. The PTC is actively involved in Red Ribbon Week, school carnival, school-wide assemblies, book fairs, and activities to enhance school and community spirit, as well as reward and incentive programs. The SSC, comprised of three parents and three staff members, works toward purchasing additional support curriculum materials. Each grade level takes at least one field trip per year and parents are encouraged to chaperone the trips. Field trips are funded by our Parent Teacher Club. Each grade level has a special in-school event such as Colonial Day or Gold Rush Day, and parents are strongly recruited to participate and run hands-on learning centers. Please contact our principal to find out how you can volunteer.

MVUSD continues to be deliberate in its efforts to engage parents of diverse backgrounds and to obtain feedback regarding each student's academic journey, emotional supports and engagement within their school site. MVUSD parents are invaluable partners and each parent group is comprised of dedicated parents who are steadfast in promoting strategic efforts to support student learning and college/career readiness. Group opportunities for parents are; Action Team Partnership (ATP), African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC) and Special Education Parent Advisory Council (SEPAC). Additionally, our school sites offer a variety student and parent groups including: School Site Council (SSC), English Learner Advisory Council (ELAC), principal/student advisory groups, PTA/PTSA/PTO and staff leadership teams.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School safety is a high priority at Alta Murrieta Elementary. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. Alta Murrieta Elementary is a closed campus that is fully fenced. Visitors and volunteers must report to the office for permission to be on campus. We utilize the Raptor Visitor Management System to monitor parent volunteers on campus to ensure all volunteers are screened against California's Megan's Law database as well as all 50 states' sex offender databases. Video surveillance cameras across our campus are a deterrent to trespassers, vandalism and other illegal activities. They also help administrators with discipline issues and help with the investigation of any crimes that occur on campus during the school day or after school hours, making our school safer and more secure.

The district holds monthly safety meetings and our School Site Council (SSC) works on our Safety Plan throughout the year. We adopted a Comprehensive School Safety Plan that we review annually; our last review took place in November 2019. The plan is presented to all staff and parents, and we hold numerous student assemblies to address safety issues.

The district has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

To prepare for emergencies, evacuation drills are conducted regularly throughout the school year, and our school actively participates in the statewide Great Shakeout. In addition, our school has an Emergency and Disaster Preparedness Plan that aligns with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a computerized calling system through Aeries Communication, to immediately notify all families of an emergency via email, phone call, text and app alerts.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

All teachers in the MVUSD school district participate in ongoing professional development as a part of the district's commitment to continuous learning.

New teachers are provided support and the opportunity to clear their credential through the district's Teacher Induction Program, which takes them through a rigorous and reflective learning process with the help of a mentor teacher. All teachers who are new to the district also receive three days of training to learn about key focus areas, as well as district expectations and procedures.

All teachers take part in monthly staff meetings that are used for training, community building, and communication. Regular Early Release days provide teachers with time for Professional Learning Communities (PLC). This learning time is designed by teachers and focused on supporting all students in meeting the state standards. Staff development days are held three times throughout the school year. The design of these days may be facilitated by the site or district and involves training on district-wide focus areas. The district also provides training in the new standards to all teachers, both by grade level and by subject. These occur during the school year (release days) or in the summer. Individual schools also fund professional conferences for teachers based on current areas of focus.

The district also provides a foundational training entitled, Elements of Effective Instruction. The program is made up of fourteen modules, including topics such as classroom environments, student engagement, designing instruction, and digital learning experiences along with topics for special education teachers. These modules, along with follow up sessions, are repeated throughout the school year and summer and are available to all teachers, in both online and in-person capacities.

Staff development is provided in the form of community teams for those teachers taking part in or leading the implementation of intervention programs, such as Read 180/System 44. These regular meetings provide teachers with a deeper understanding about issues related to the programs and to intervention, as well as a forum for collaboration, reflection, and goal setting.

Staff development in 2019 – 2020 will focus on the following priorities: instructional shifts aligned with state standards for math, ELA, and NGSS; supporting English Learners through integrated and designated support; differentiation to meet the needs of all learners; equity and equitable practices; PLCs; and social emotional support for students.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

The district provides a wide array of programs to meet the needs of our diverse student body. This includes programs to identify and support students and their families through times of crisis and stress. A health technician, nurse, school counselor and psychologist are also available to assist students.

The district provides an Elementary Counselor to teach guidance lessons and facilitate small groups on social skills, anger management, grief, and loss and provide support to military-connected students. They also provide individual responsive services, interventions and referrals on an as needed basis.

Extended learning opportunities during the summer break provide additional support for students who need assistance with basic curriculum.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
