2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Murrieta Canyon Academy is an alternative education school providing standards based education for approximately 400 students in grades 9-12. Educational programs at MCA are delivered in an environment that is small, personal, creative, and caring for students seeking a flexible, learner-centered, competency-driven education. MCA offers a daily academic program to high school students seeking an alternative educational environment. The daily program meets on campus daily and features a face-to-face instructional model. Within the daily program, students are provided smaller learning environments and increased opportunities for remediation and intervention. In addition to the daily program, MCA also offers a rigorous and comprehensive independent study program which provides increased flexibility to students seeking a different educational approach. Students within the online independent study program, meet regularly with their assigned subject specific teachers for guidance and assessment support.

Co-enrollment opportunities are also available to students at the district's comprehensive school sites. Students have the opportunity to co-enroll in rigorous classes including Advanced Placement, Dual Enrollment, International Baccalaureate and Career Training Education (CTE) classes. Students can also participate in the performing arts programs and competitive athletics at the comprehensive high schools. With online courses, students are paced for optimum success following a semester based calendar; however, the online platform provides increased opportunities for course acceleration and completion.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in MVUSD are aligned with the State of California's standards and curriculum frameworks, they are field tested with students, and reviewed by administrators, teachers, and parents before Board of Education adoption at a public meeting.

School Facility Conditions and Planned Improvements

Murrieta Canyon Academy originally opened in 1997 as Creekside High School and the school name was changed in July, 2016. The campus has 14 classrooms, a computer lab, a food lounge, basketball courts, a library, administrative offices, and a staff lounge. There is ample space on campus for the number of students enrolled in the program.

The district provides upkeep, maintenance, and cleaning of district schools. Schools and rest rooms are cleaned daily, and the principal works with the custodial staff to ensure a clean and safe school. District maintenance staff maintains landscaping on a regular weekly schedule. Corrective and preventative maintenance is scheduled on a routine basis to keep the school in good repair and in working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

Our graduates are prepared to enter the workforce based on their completion of a rigorous curriculum of core academic subjects along with 40 hours of community service. Community service teaches students the importance of volunteer work and provides them with the opportunity to explore different career paths. Murrieta Canyon Academy offers on site CTE pathways in Art, Media, and Entertainment as well as Building and Construction. Additionally, through the comprehensive high schools in our district, Career Training Education (CTE) offers programs to train students to enter college and/or the work force as a skilled worker. These course credits go towards graduation requirements in the appropriate subject area. The flexibility of our program allows Murrieta Canyon Academy students to easily access these CTE courses at the various times they are offered at the district comprehensive high schools.

MCA offers Building and Construction Trades Industry Sector courses in the Residential and Commercial Construction Pathway.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

MVUSD is a California Distinguished District for many reasons. One of the reasons is our intentional efforts to engage parents and obtain feedback regarding each student's academic journey, emotional supports, and connections within their school site. At the district level, there are several opportunities for parents' involvement in groups such African American Parent Advisory

2021-22 Opportunities for Parental Involvement

Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education Advisory Board, Partnerships for Thriving Students & Families (PTSF) and Local Control Accountability Program (LPAC) teams. Since 2020, all parent advisory groups have transitioned to virtual meetings. This change maximizes accessibility and participation from our parent community. In addition to these advisory groups, each school site implements site specific opportunities for parent involvement. Including but not limited to, School Site Council (SSC), principal coffee's/meetups, school counseling guidance and appointments.

Beyond parent and community involvement in advisory groups, Murrieta Canyon Academy offers parent participation in a School Site Council which meets twice per semester. Due to the small nature of the school community, MCA counselors and staff are able to meet with families on a regular basis to personalize the educational experience for students on campus.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.01	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School safety is a high priority at Murrieta Canyon Academy. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. MCA is a closed campus that is fully fenced. The district holds regular safety meetings with our law enforcements partners, mental health providers, security personnel and administrators. Furthermore, our School Site Council (SSC) works on our Safety Plan throughout the year. We adopted a Comprehensive School Safety Plan that we review annually; our last review took place in October 2021. The plan is presented to all staff and parents. Additionally, we hold numerous student assemblies to address safety issues. All MVUSD schools prepare for emergencies, through regular evacuation drills and our Emergency and Disaster Preparedness Plan which aligns with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a computerized alert system powered by Parent Square, to immediately alert all families of an emergency via email, phone, text, and app. Every school has video surveillance cameras strategically placed throughout campus. These surveillance system serves as a deterrent to trespassers, vandalism, and other illegal activities. They also help our School Resource Officers and school administrators with discipline issues and help with the investigation of any crimes that occur on campus during the school day or after school hours, making our school safer and more secure. All guests and parent volunteers to campus are screened through the Raptor Visitor Management System, which runs the individual's identification through the California's Megan's Law database as well as all 50 states' sex offender databases. Guests without legal identification are not permitted on campus. MCA strictly enforces an anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

2020-21 Types of Services Funded

The district provides a variety of programs to meet the needs of our diverse student population. This includes academic, athletic, enrichment, extra-curricular, and social emotional programs to identify and support students and their families. In addition to the teaching and administration staff, each school's support team is comprised of health technician, a school nurse, counselor, and psychologist who are available to meet with students and their families virtually and in-person. Each school counselor is full-time focused on social-emotional and academic success. Counselors teach guidance lessons; facilitate small groups on social skills, anger management, grief, and loss, provide support to military-connected students, assist with conflict-resolution, and ensure there are positive supports on campus. School counselors also provide individual responsive services, interventions, and referrals on an as-needed basis.

Expanded this school year are tutoring and office hour sessions to address learning loss students faced during the pandemic closures.

Professional Development

Murrieta Valley USD prides itself on implementing professional development opportunities for all employees. All teachers participate in monthly site staff meetings that are used for training, community building, and communication.

Since the pandemic began district employees were offered a variety of professional development opportunities focused on reengaging students to the classroom, addressing learning loss and equitable practices. Continued trainings on engagement strategies and 21st Century digital skills were also offered to ensure teaching staff were equipped at creating synchronous and asynchronous instruction. Educational Services also continued to offer ongoing asynchronous and weekly live trainings to all staff throughout the year.

Teachers and administrators were provided access to the Leading-Edge Certification program, which is a 30-hour online course in robust virtual learning skills and strategies. New teachers continue to be provided with support and the opportunity to clear their credential through the district's Teacher Induction Program. This program takes them through a rigorous and reflective learning process with the help of an MVUSD mentor teacher. All teachers who are new to the district also receive three days of training to learn about key focus areas, as well as district expectations and procedures.

Lastly, a summer training series was implemented in the summer of 2021 to provide all personnel the tools needed to support the social emotional and academic needs of our students as they returned to in-person learning. Topics included, brain-based practices for trauma-responsiveness, suicide prevention, reengaging students, adaptive technology, maximizing professional learning communities, and topics within special education. These trainings were required before the beginning of the 2021-22 school year.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
