E. Hale Curran Elementary School
2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

E. Hale Curran Elementary School is a STEM focused school serving students in Preschool through 5th grade. STEM - science, technology, engineering and math education, is integrated into the regular curriculum as well as through project-based instruction. We are committed to creating an environment where children are excited about learning and approach learning with a growth mindset. Through our STEM focus, we are working on developing and fostering 21st century learning skills. We believe that students must develop creativity, curiosity, collaboration, communication and critical thinking skills in order to be college and career ready. We are a community of learners where the needs of children come first. Our goal of every student achieving at high levels drives our decision making and instructional planning. Through our focus on student learning and high expectations for all students, we are preparing our students for success.

Highlights & Achievements:
- Our Cougars in the Newsews is shown every Monday. We have our own student newsews team that keeps our staff and students up to date with school happenings. The team interviews teachers and other adults at Curran.
- Our intervention programs are based on a Learning Center model. Intervention and grade level teachers meet monthly to review data and identify students that need targeted instruction in English Language Arts and math.

Curran was selected by the Ryan Dungey Foundation to receive 24 balance bikes and 24 helmets through the All Kids Bike Program so that all our kindergarten students will learn to ride.
- We have before school tutoring targeting our English Learner population. We also have multiple after school opportunities through the Extended Learning Opportunities Program grant from the district. These include: Engineering/Beebots Coding class for TK/Kindergarten, Crazy 8s math group that is designed for collaborative, 3d printing, hands on mathematics activities,

PAWS targeted after school intervention in reading and math, Running Squad, Chess Masters, Soccer, Comic Creators, Pep Squad, and Karate
- Curran events focus on STEM fields. In Fall we hold an astronomy night where students do crafts and projects. The Temecula Valley Astronomers do a presentation, and we end the evening gazing at stars and planets through high power telescopes. We have a math night in the fall and spring with a focus on math strategies and games. To end the year, we do STEM Expo

which is the culmination of a project based lesson where students show their solutions to a community problem.
- Our PTA Fun Run helped raise $32,000 that will go to support school programs and field trips.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in MVUSD are aligned with the State of California's standards and curriculum frameworks, they are field tested with students, and reviewed by administrators, teachers, and parents before Board of Education adoption at a public meeting.

School Facility Conditions and Planned Improvements

E. Hale Curran Elementary School opened in 1989. The school has 34 classrooms, a multipurpose room, several computer labs, a library, cafeteria, administrative offices, a staff lounge, and four play areas—one for preschool students, one for kindergarten students, one for SEED and one for students in grades one through five. Childcare facilities for all grades are located on campus in a separate building and play area. We have ample space for the number of students enrolled at the school.

Upkeep, maintenance, and cleaning of district schools are provided by the district. Schools and rest rooms are cleaned daily, and the administration works with the custodial staff to ensure a clean and safe school. Any graffiti or vandalism is removed or repaired as soon as it is discovered. District maintenance staff members regularly pick up litter and maintain landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Recently the school received a new, state of the art, fire alarm system as well as new roof work on several buildings. Our blacktop areas were also recently resurfaced. Work order requests, assigned through a computerized work order system, ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes	**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	50	N/A	58	N/A	47
Mathematics (grades 3-8 and 11)	N/A	42	N/A	41	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

MVUSD is intentional in our efforts to partner with families to obtain authentic engagement and feedback regarding the academic journey, behavioral health needs, and connections within our school site. At the district level, opportunities for parent involvement include the following: African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education (CTE) Advisory Board, and Local Control Accountability Program (LCAP) teams. Since 2020, all district level parent advisory groups have transitioned to a hybrid meeting format (in-person and virtual). This maximizes family/parent accessibility and participation. In addition to these district advisory groups EHC implements in-person site specific opportunities for parent involvement. These opportunities include but are not limited to, School Site Council (SSC), PTA/PTSA/PTO, English Learner Advisory Councils (ELAC), and daily volunteer programs such as, Watch DOGs (Dads of Great Students), activity boosters, class and office volunteers and activity specific volunteer programs. Parents are also encouraged to join the schoolwide Friday Flag ceremonies, Family nights and open houses.

2021-22 Chronic Absenteeism by Student Group

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20

2022-23 School Safety Plan

School safety is a high priority at E. Hale Curran. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. Our school is a closed campus that is fully fenced. We hold as well as the district host quarterly safety meetings with our first responders, mental health providers, security personnel and administrators. Furthermore, our School Site Council (SSC) works together on our Safety Plan throughout the year, which is adopted by the Board of Education. The Comprehensive School Safety Plan is reviewed annually; our last review took place in November 2022. In 2022, our school site was trained on what to do in an active shooter situation. As a school, we hold numerous student assemblies that include addressing issues related to safety. Our schools prepares for emergencies, throughout the year using regular drills for earthquakes, evacuations, dangerous persons, and file. Our Emergency and Disaster Preparedness Plan aligns with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a mass communication alert system known as Parent Square, to immediately alert families, and staff of an emergency via email, phone, text, and app notifications. Every school has video surveillance cameras strategically placed throughout campus. These surveillance system serves as a deterrent to trespassers, vandalism, and other illegal activities. They also help our School Resource Officers and school administrators with discipline issues and help with the investigation of any crimes that occur on campus during the school day or after school hours. Safety posters and banners are also placed throughout campus and the district manages a 24/7 anonymous tip line to report suspicious, hazardous or safety concerns and tips. All guests and parent volunteers to campus are screened through the Raptor Visitor Management System, which runs the individual's identification through the California's Megan's Law database as well as all 50 states' sex offender databases. Guests without legal identification are not permitted on campus. Our school strictly enforces an anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

2021-22 Types of Services Funded

The district provides a variety of programs to meet the needs of our diverse student population. This includes academic, athletic, enrichment, extra-curricular, and social emotional programs to identify and support students and their families. In addition to the teaching and administration staff, each school's support team is comprised of a health technician, a school nurse, attendance clerk, aides, special education staff and a mental health team including a psychologist who are available to meet with students and their families virtually and in-person. Each school has a full-time counselor focused on social-emotional and academic success. Counselors teach guidance lessons; facilitate small groups on social skills, anger management, grief, and loss, provide support to military-connected students, assist with conflict-resolution, and ensure there are positive supports on campus. School counselors also provide individual responsive services, interventions, and referrals on an as-needed basis. Continued this school year are tutoring and office hour sessions to address learning loss and academic intervention needs.

Professional Development

Murrieta Valley USD implements professional development opportunities for all employees. Teachers participate in monthly staff meetings to provide training, community building, and communication at the site level. Additionally, each school year, two days are allocated toward professional development. These days are a combination of site-based and district-developed training opportunities focused on current initiatives. Classified staff are included in staff meetings and professional development days as much as possible. New teachers continue to have the opportunity to clear their credential through the district's Induction Program. This program takes them through a rigorous and reflective learning process with the support of an MVUSD mentor teacher. All teachers who are new to the district also receive training to learn about our key focus areas, as well as district expectations and procedures. Teachers receive training on new curriculum that is adopted for the grade level and/or subject area they teach. Elementary teachers receive grade level coaching throughout the school year, and special education staff receive ongoing training in expectations related to IEP's and instructional practices specific to students with disabilities. Additionally, voluntary learning opportunities are offered to all teachers throughout the school year on a variety of topics including instruction, technology, and classroom management.

This table displays the number of school days dedicated to staff development and continuous improvement.
