2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Lisa J. Mails Elementary School serves students in Pre-K - 5th grade. We have a unique focus on arts education and a strong emphasis on academic achievement. Students receive instruction similar to that found in the other schools in our district. This academic framework is enhanced by the arts focus, which includes music, theater, visual art, and dance as well as integrating the arts to support learning in the regular curriculum. The school focus is also brought to life through arts-related assemblies, field trips, and school-wide events, such as our Student Showcase, Artist-in-Residence, our annual Artist Fair and Artist and Author awards every quarter. At Lisa J. Mails Elementary School, we strive to do everything with HEART: Harmony, Empathy, Achievement, Reflection, and Transformation. In addition our mission is to inspire and support the whole child through their educational journey so that all children can grow to be active members of our community who positively impact the lives of others. This mission drives our work with students and is supported through school-wide recognition and daily social emotional skill building. Lisa J. Mails has an active parent community. Our PTA is integral to our mission, and parent participation occurs at many levels, supporting academics, our arts focus, and community-building events. We are a school that accomplishes our mission as a community team!

Highlights & Achievements:

Lisa J. Mails Elementary has continued to set attendance and engagement as a priority during the 21/22 school year. As a staff community, we are focusing on welcome and engaging our students and families with opportunities to join clubs, extra-curricular activities and community events. The opportunity for student involvement has greatly expanded this school year. We have intramural sports during 4th and 5th grade lunch recess, student ASB, Student Alliance Council, Kindness Crew, Team Clean, Student Safety Valet, after school art workshops, guest artists conducting live art demonstrations, student performances at our Friday assemblies and 5th grade band.

Lisa J. Mails has continued to engage students in a variety of ways. Our annual Artist Fair and Fun Run fundraiser were held earlier in the school year to immediately reestablish a sense of community and belonging. We also hold outdoor assemblies with our entire staff and student body that helps to maintain the culture at the school site.

Students continue to show academic growth as evident on the reading and math iReady diagnostic administered in August and again in December 2021. In the area of reading, students in Tier 1 (on track to meet grade-level standards) moved from 42% in

2022-23 School Overview

August to 55% in December in grades 2nd - 5th. In the area of math, students in Tier 1 moved from 22% in August to 41% in December in grades 2nd - 5th.

The Lisa J. Mails counseling services continue to thrive at all levels and has transitioned this school year to support teachers at the Tier 1 level with a new curriculum focusing on social/emotional skill building. The Tier 2 and 3 services have also been revamped to include additional groups and opportunities for students.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Lisa J. Mails Elementary School opened in August, 2007 as the eleventh elementary school in the Murrieta Valley Unified School District. The campus has 39 classrooms, a multipurpose room with a kitchen, 3 computer labs, a library, an outdoor eating area, an amphitheater, administrative offices, a health office, teacher workrooms throughout the campus and two play areas, one for kindergarten students and one designated for students in grades 1-5.

The district's Facilities and Operational Services Departments provide upkeep, maintenance, and cleaning of district schools. Classrooms and restrooms are cleaned daily, and the principal works with the custodial staff to ensure a clean and safe school. The district's maintenance staff picks up litter and maintains landscaping using a regular, weekly schedule.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

MVUSD is intentional in our efforts to partner with families to obtain authentic engagement and feedback regarding the academic journey, behavioral health needs, and connections within our school site. At the district level, opportunities for parent involvement include the following: African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education (CTE) Advisory Board, and Local Control Accountability Program (LCAP) teams. Since 2020, all district level parent advisory groups have transitioned to a hybrid meeting format (in-person and virtual). This maximizes family/parent accessibility and participation. In addition to these district advisory groups, LJM implements in-person site specific opportunities for parent involvement. At Lisa J. Mails Elementary, administration works hard to involve parents in their child's education. Parents are encouraged to remain active in our school. Some of the opportunities for parent involvement at the school site include: PTA, Monarch Mall, School Site Council, Site-Based Parent Advisory Committees, classroom volunteers, monthly classroom birthday events, Artist Fair, Fun Run, STEAM Night and several audience opportunities during student performances. In addition, the school site continues to emphasize meaningful parent participation in grade-level SST meetings, Administrative SST meetings, 504 meetings and IEP meeting, in addition to, parent/teacher conferences.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

School safety is a high priority at Lisa J. Mails. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. Our school is a closed campus that is fully fenced. We hold as well as the district host quarterly safety meetings with our first responders, mental health providers, security personnel and administrators. Furthermore, our School Site Council (SSC) works together on our Safety Plan throughout the year, which is adopted by the Board of Education. The Comprehensive School Safety Plan is reviewed annually; our last review took place in November 2022. In 2022, our school site was trained on what to do in an active shooter situation. As a school, we hold numerous student assemblies that include addressing issues related to safety. Our schools prepares for emergencies, throughout the year using regular drills for earthquakes, evacuations, dangerous persons, and fire. Our Emergency and Disaster Preparedness Plan aligns with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a mass communication alert system known as Parent Square, to immediately alert families, and staff of an emergency via email, phone, text, and app notifications. Every school has video surveillance cameras strategically placed throughout campus. These surveillance system serves as a deterrent to trespassers, vandalism, and other illegal activities. They also help our School Resource Officers and school administrators with discipline issues and help with the investigation of any crimes that occur on campus during the school day or after school hours. Safety posters and banners are also placed throughout campus and the district manages a 24/7 anonymous tip line to report suspicious, hazardous or safety concerns and tips. All guests and parent volunteers to campus are screened through the Raptor Visitor Management System, which runs the individual's identification through the California's Megan's Law database as well as all 50 states' sex offender databases. Guests without legal identification are not permitted on campus. Our school strictly enforces an anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

2021-22 Types of Services Funded

The district provides a variety of programs to meet the needs of our diverse student population. This includes academic, athletic, enrichment, extra-curricular, and social emotional programs to identify and support students and their families. In addition to the teaching and administration staff, each school's support team is comprised of a health technician, a school nurse, attendance clerk, aides, special education staff and a mental health team including a psychologist who are available to meet with students and their families virtually and in-person. Each school has a full-time counselor focused on social-emotional and academic success. Counselors teach guidance lessons; facilitate small groups on social skills, anger management, grief, and loss, provide support to military-connected students, assist with conflict-resolution, and ensure there are positive supports on campus. School counselors also provide individual responsive services, interventions, and referrals on an as-needed basis. Continued this school year are tutoring and office hour sessions to address learning loss and academic intervention needs.

Professional Development

Murrieta Valley USD implements professional development opportunities for all employees. Teachers participate in monthly staff meetings to provide training, community building, and communication at the site level. Additionally, each school year, two days are allocated toward professional development. These days are a combination of site-based and district-developed training opportunities focused on current initiatives. Classified staff are included in staff meetings and professional development days as much as possible. New teachers continue to have the opportunity to clear their credential through the district's Induction Program. This program takes them through a rigorous and reflective learning process with the support of an MVUSD mentor teacher. All teachers who are new to the district also receive training to learn about our key focus areas, as well as district expectations and procedures. Teachers receive training on new curriculum that is adopted for the grade level and/or subject area they teach. Elementary teachers receive grade level coaching throughout the school year, and special education staff receive ongoing training in expectations related to IEP's and instructional practices specific to students with disabilities. Additionally, voluntary learning opportunities are offered to all teachers throughout the school year on a variety of topics including instruction, technology, and classroom management.

This table displays the number of school days dedicated to staff development and continuous improvement.
