2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Murrieta Elementary School serves students in transitional kindergarten through grade five. The values and traditions of Murrieta Elementary focus on meeting the changing needs of our diverse student population. Murrieta Elementary School is committed to providing each student with a high-quality education that reflects student achievement while emphasizing responsibility, life skills, and lifelong learning. We believe our primary purpose is to provide the opportunity for each student to learn to the best of his or her ability. Murrieta Elementary School was named a California Distinguished School Award in 2014. Our staff provides a caring and safe environment with strong, positive connections between students, staff and families. Consistent programs will provide depth in curriculum, using a wide variety of learning strategies to ensure success for all students. We want to develop each student's skills to meet life's challenges with honesty, integrity, courage, and the desire to reach for intellectual and personal excellence for the betterment of the community, the nation, and the world. We invite parents and community members to join us as we continue to set high expectations and assist our students in "stalking success." Parents are considered to be an important part of the school experience. We value parents as participants. Parental support and enrichment help children view school as vital and relevant to their lives. Educating our youth must be a partnership. Together we can prepare today's students to succeed in tomorrow's world.

Highlights & Achievements:

Last year we took the CAASPP test for the first time since 2018. Although we knew our students would have some learning loss from the pandemic, we were excited about the ability for our students to bounce back. To measure student growth we used a diagnostic program called i-Ready. In Language Arts students on average performed similar to the I-Ready test as they did on the CAASPP testing. In the math portion, students did perform at a lower level than we did on the CAASPP, pre-pandemic. During the 2021-2022 school year we saw excellent growth in both Language Arts and Math. We have found the need to Social Emotional Support for our students and have added lessons and activities to help students with their SEL skills.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Murrieta Elementary School opened in 1958 as the first school in what would later become the Murrieta Valley Unified School District. Over the years classrooms, offices, and a cafeteria were added. A comprehensive modernization program was completed in 2002. The school has 44 classrooms, a multipurpose room, a cafeteria, a library, two computer lab, administrative offices, a staff lounge, and two play areas—one for kindergarten students and one for first through fifth graders. Childcare facilities for all grades are located on campus in a separate room.

We have ample space for the number of students enrolled at the school. At certain times during the school year the school may be at or near capacity. When that occurs, new students may be assigned to an overflow school in the district where classroom space exists. The district provides upkeep, maintenance, and cleaning. Schools and rest rooms are cleaned daily, and the principal works with the custodial staff to ensure a clean and safe school. Graffiti is removed as soon as it is discovered. District maintenance staff members pick up litter and maintain landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	41	N/A	58	N/A	47
Mathematics (grades 3-8 and 11)	N/A	38	N/A	41	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

MVUSD is intentional in our efforts to partner with families to obtain authentic engagement and feedback regarding the academic journey, behavioral health needs, and connections within our school site. At the district level, opportunities for parent involvement include the following: African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education (CTE) Advisory Board, and Local Control Accountability Program (LCAP) teams. Since 2020, all district level parent advisory groups have transitioned to a hybrid meeting format (in-person and virtual). This maximizes family/parent accessibility and participation. In addition to these district advisory groups, Murrieta Elementary implements in-person site specific opportunities for parent involvement. These opportunities include but are not limited to, School Site Council (SSC), PTC, English Learner Advisory Councils (ELAC), and daily volunteer programs such as, Watch DOGs (Dads of Great Students), class and office volunteers and activity specific volunteer programs. Parents are also encouraged to join the schoolwide Friday Flag ceremonies, Family Nights and events such as Open House.

2021-22 Chronic Absenteeism by Student Group

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.10	1.50	2.45
Expulsions	0.00	0.01	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. 2022-23 School Safety Plan

School safety is a high priority at Murrieta Elementary. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. Our school is a closed campus that is fully fenced. We hold as well as the district host quarterly safety meetings with our first responders, mental health providers, security personnel and administrators. Furthermore, our School Site Council (SSC) works together on our Safety Plan throughout the year, which is adopted by the Board of Education. The Comprehensive School Safety Plan is reviewed annually; our last review took place in November 2022. In 2022, our school site was trained on what to do in an active shooter situation. As a school, we hold numerous student assemblies that include addressing issues related to safety. Our schools prepares for emergencies, throughout the year using regular drills for earthquakes, evacuations, dangerous persons, and fire. Our Emergency and Disaster Preparedness Plan aligns with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a mass communication alert system known as Parent Square, to immediately alert families, and staff of an emergency via email, phone, text, and app notifications. Every school has video surveillance cameras strategically placed throughout campus. These surveillance system serves as a deterrent to trespassers, vandalism, and other illegal activities. They also help our School Resource Officers and school administrators with discipline issues and help with the investigation of any crimes that occur on campus during the school day or after school hours. Safety posters and banners are also placed throughout campus and the district manages a 24/7 anonymous tip line to report suspicious, hazardous or safety concerns and tips. All guests and parent volunteers to campus are screened through the Raptor Visitor Management System, which runs the individual's identification through the California's Megan's Law database as well as all 50 states' sex offender databases. Guests without legal identification are not permitted on campus. Our school strictly enforces an anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

2021-22 Types of Services Funded

The district provides a variety of programs to meet the needs of our diverse student population. This includes academic, athletic, enrichment, extra-curricular, and social emotional programs to identify and support students and their families. In addition to the teaching and administration staff, each school's support team is comprised of a health technician, a school nurse, attendance clerk, aides, special education staff and a mental health team including a psychologist who are available to meet with students and their families virtually and in-person. Each school has a full-time counselor focused on social-emotional and academic success. Counselors teach guidance lessons; facilitate small groups on social skills, anger management, grief, and loss, provide support to military-connected students, assist with conflict-resolution, and ensure there are positive supports on campus. School counselors also provide individual responsive services, interventions, and referrals on an as-needed basis. Continued this school year are tutoring and office hour sessions to address learning loss and academic intervention needs.

Professional Development

Murrieta Valley USD implements professional development opportunities for all employees. Teachers participate in monthly staff meetings to provide training, community building, and communication at the site level. Additionally, each school year, two days are allocated toward professional development. These days are a combination of site-based and district-developed training opportunities focused on current initiatives. Classified staff are included in staff meetings and professional development days as much as possible. New teachers continue to have the opportunity to clear their credential through the district's Induction Program. This program takes them through a rigorous and reflective learning process with the support of an MVUSD mentor teacher. All teachers who are new to the district also receive training to learn about our key focus areas, as well as district expectations and procedures. Teachers receive training on new curriculum that is adopted for the grade level and/or subject area they teach. Elementary teachers receive grade level coaching throughout the school year, and special education staff receive ongoing training in expectations related to IEP's and instructional practices specific to students with disabilities. Additionally, voluntary learning opportunities are offered to all teachers throughout the school year on a variety of topics including instruction, technology, and classroom management.

This table displays the number of school days dedicated to staff development and continuous improvement.
