### School Description

Alta Elementary School is a three-time California Distinguished School that serves students in transitional kindergarten through grade five. We, the educational community at Alta Murrieta Elementary School, believe that all children can learn and become lifelong learners.

All children participate in an instructional program that fosters individual growth, academic progress, cultural literacy, and good citizenship. Our staff strives to provide each student with the skills and assets necessary to meet life's challenges with honesty, integrity, courage, and the desire for intellectual and personal excellence.

Parent/community involvement and strong positive school leadership provide significant and necessary support for excellence in education. "Pursuing Excellence" is the school's theme, an idea that excellence is a journey and not a destination, that there is always room for growth. We embrace a Growth Mindset, recognizing that despite strong academic achievement, we should continue striving for improvement each and every day. Teachers are implementing California Content Standards while utilizing current research in education, district curricula, and student assessments to maintain our strong educational program.

Brent Coley, PRINCIPAL

### Highlights & Achievements

- During the 2016-2017 school year, our school took part in the California Assessment of Student Performance and Progress (CASSPP) assessments. 62% of students in grades 3–5 met or exceeded standards in English Language arts, and 58% of students in grades 3–5 met or exceeded standards in Math.
- Alta Murrieta was selected by the Campaign for Business and Education Excellence as a 2016 Honor Roll School for raising student achievement and closing achievement gaps.
- Our intervention programs are based on a Learning Center model and include three levels of extra help for struggling students. Teachers have also incorporated a Universal Access period during the school day to provide extra support and enrichment for students.
- Our fifth graders attend the Pathfinder Ranch Outdoor Educational Program, which is designed to enrich our science standards and enhance our character-education program. Third, fourth, and fifth grade students have the opportunity to participate in a before-school choir program.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

All textbooks used in MVUSD are aligned with the State of California's standards and curriculum frameworks, they are field tested with students and reviewed by administrators, teachers and parents before being adopted by the Board of Education.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Alta Murrieta Elementary School opened in 1989 as the third elementary school in the Murrieta Valley Unified School District. The school has 48 classrooms, two multipurpose rooms, a library, three computer labs, administrative offices, cafeteria, staff lounge, art room, and two play areas (one for kindergarten students and one for students in grades one through five). Childcare facilities for students in transitional kindergarten through grade five are located on campus in a separate room. At certain times during the school year, the school may be at or near capacity. When that occurs, new students may be assigned to an overflow school in the district where classroom space exists.

The district's Facilities and Operational Services Departments provide upkeep, maintenance, and cleaning services. Schools and restrooms are cleaned daily, and the principal works with the custodial staff to ensure a clean and safe school. Graffiti is removed as soon as it is discovered. District maintenance staff picks up litter and maintains landscaping on a regular weekly schedule. Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

White	45	43	95.6	65.1
Socioeconomically Disadvantaged	51	49	96.1	44.9
Students with Disabilities	16	16	100.0	62.5

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

English Learners	55	54	98.18	57.41
Students with Disabilities	45	45	100	22.22

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### **C. Engagement**

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### **Opportunities for Parental Involvement (School Year 2017-18)**

Parents are welcome at school, and the school staff sincerely appreciates their support and participation. Parents are invited to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in October. Parents are also welcome and encouraged to volunteer in their children's classrooms, as well as attend our weekly Friday Flag assemblies. Our Watch D.O.G.S. program encourages fathers and father-figures to get involved in their students' education.

Parent and community involvement are encouraged through PTA and School Site Council (SSC). The PTA is actively involved in Red Ribbon Week, the PTA Reflections program, assemblies, reward/incentive programs, book fairs, and activities that enhance school and community spirit (e.g. Fall Carnival, father-daughter/mother-son dances, Dr. Seuss Night). The SSC, which includes five parents and five staff members, helped to create our Parent Involvement Policy. To find out how you can volunteer, contact our PTA president, Cassandra Lira at (951) 696-1403.

#### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### **School Safety Plan**

School safety is a high priority at Alta Murrieta Elementary. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. Alta Murrieta Elementary is a closed campus that is fully fenced. Visitors and volunteers must report to the office for permission to be on campus. Our computerized calling system, Blackboard Connect, is used to call all families immediately in an emergency.

The district holds monthly safety meetings and our School Site Council (SSC) works on our Safety Plan throughout the year. We adopted a Comprehensive School Safety Plan that we review annually; our last review took place in November 2016. The plan is presented to all staff and parents, and we hold numerous student assemblies to address safety issues.

We utilize the Raptor Visitor Management System to monitor parent volunteers on campus to ensure all volunteers are screened against California's Megan's Law database as well as all 50 states' sex offender databases. Video surveillance cameras across our campus are a deterrent to trespassers, vandalism and other illegal activities. They also help administrators with discipline issues and help with the investigation of any crimes that occur on campus during the school day or after school hours, making our school safer and more secure.

Murrieta Police Department officers teach the D.A.R.E. curriculum to all fifth graders to give them the skills and confidence necessary to resist the use of alcohol, drugs, and gang involvement. The district has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

To prepare for emergencies, evacuation drills are conducted regularly throughout the school year, and our school actively participates in the statewide Great Shakeout. In addition, our school has an Emergency and Disaster Preparedness Plan that aligns with the NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster.

**Professional Development provided for Teachers**

All teachers in the MVUSD school district participate in ongoing professional development as a part of the district's commitment to continuous learning.

New teachers are provided support and the opportunity to clear their credential through the district's Teacher Induction Program, which takes them through a rigorous and reflective learning process with the help of a mentor teacher.

All teachers take part in monthly staff meetings that are used for training, community building, and communication. Regular Early Release days provide teachers with time for Professional Learning Communities (PLC's). This learning time designed by teachers and focused on supporting all students in meeting the state standards. Staff development days are held three times throughout the school year. The design of these days may be facilitated by the site or district and involves training on district-wide focus areas. The district also provides training in the new standards to all teachers, both by grade level and by subject. These occur during the school year (release days) or in the summer. Individual schools also fund professional conferences for teachers based on current areas of focus.

The district also provides a foundational training entitled Elements of Effective Instruction. The program is made up of fourteen modules, including topics such as classroom environments, student engagement, designing instruction, and digital learning experiences along with topics for special education teachers. These modules, along with follow up sessions, are repeated throughout the school year and summer and are available to all teachers.

Staff development is provided in the form of community teams for those teachers taking part in or leading the implementation of intervention programs such as Read 180/System 44, iRead, and Math 180. These regular meetings provide teachers with a deeper understanding about issues related to the programs and to intervention, as well as a forum for collaboration, reflection, and goal setting.

In the 2016 – 2017 school year, staff development continued to emphasize the transition to the new California state standards, primarily in mathematics. During the 2017-2018 school year, professional development is being provided for the newly adopted English Language Arts curricula.

**Types of Services Funded**

The district provides a wide array of programs to meet the needs of our diverse student body. This includes programs to identify and support students and their families through times of crisis and stress. A health technician, nurse, and psychologist are also available to meet with students.

The district provides an elementary counselor to our school approximately two and a half days a week to support academic success. Counselors teach guidance lessons and facilitate small groups on social skills, anger management, grief and loss and provide support to military-connected students. They also provide individual responsive services, interventions and referrals on an as-needed basis (e.g. BreakThrough).

Homework clubs, before- and after school tutoring programs, and extended learning opportunities during the summer break provide additional support for students who need assistance with basic curriculum.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
