

**ACCOUNTABILITY**

The Governing Board recognizes its responsibility to ensure accountability to the public for the performance of district schools. The Board shall regularly review the effectiveness of the district's programs, personnel, and fiscal operations, with a focus on the district's effectiveness in improving student achievement. The Board shall establish appropriate processes and measures to monitor results and to evaluate progress toward accomplishing the district's vision and goals.

The district and each district school shall demonstrate comparable improvement in academic achievement, as measured by the API, for all numerically significant student subgroups. Numerically significant subgroups include ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, and foster youth, when the subgroup consists of at least 30 students with a valid test score or 15 foster youth. (Education Code 52052)

The Superintendent shall provide regular reports to the Board and the public regarding district and school performance. Opportunities for feedback from students, parents/guardians, staff, and community members shall be made available as part of any review and evaluation of district programs and operations and as part of the development or annual update of the local control and accountability plan (LCAP).
