WORKERS' COMPENSATION INSURANCE

All employees and registered volunteers of the Murrieta Valley Unified School District are covered by the district's workers' compensation insurance mechanisms.

To be eligible for compensation, the injury to an employee or volunteer must arise from, and in the course of, employment, or approved volunteer duties in the District.

Employees injured during the course of employment and eligible for compensation are required to report all accidents or injuries to the Risk Management Department immediately. Obtain report forms from the business office.

Employees or volunteers injured in the scope of their duties will be directed by the Risk Management Department as to the approved medical facilities available for their use for evaluation and/or treatment.

Failure on the part of the employee or registered volunteer to report an injury within 24 hours may be prejudice delay, or defeat a claim for compensation.

The district is a member of the Riverside Schools Risk Management Authority JPA (Joint Powers Authority, which is a group of school districts joined together as a self-funded coverage for workers' compensation. Benefits provided meet the statute requirements of the State of California.
