

INFECTIOUS DISEASE PREVENTION

Prevention and Mitigation Plan

The Superintendent or designee shall work with state and local health officials to develop and regularly update a plan to prevent and mitigate the spread of infectious diseases. Components of the plan may include, but are not necessarily limited to:

1. A communication strategy for informing students, parents/guardians, staff, and the community about the disease(s), including symptoms, complications, transmission, and current recommendations from state and local departments of public health
2. Protocols for assessing when campus closures are necessary and when campus(es) may reopen
3. Alternative means of instruction, schedules, and attendance, including the provision of instruction to students with disabilities, English learners, and foster or homeless youth, in the event of campus closures or partial closures
