Message from the Health Office

Cold and flu season is upon us. Our health office is overflowing with sick little cougars. Here are some tips on when to keep them home:

- Fever of 100 degrees Fahrenheit or more.
- Coughing that won't stop or breathing problems.
- Vomiting or diarrhea within the last 24 hours.
- Eyes are red, infected, and oozing a yellow or green discharge.

A child should be free of any symptoms for 24 hours (without medication) before coming back to school.

This list is not all inclusive and it's important to give your little ones time to rest, lots of fluids, and hugs. If in doubt, contact your doctor, they know best.
