a report by Chawon

**Coyote and the Ducks Legend:** Old man Coyote saw two ducks in the water. The ducks told him that something was under the water. The ducks begged Coyote to make the island even bigger. The ducks and Coyote agreed, but Coyote was still lonely. So he made men and women and male and female ducks.

**Where They Lived:** The Crow Indians had grassy meadows and prairies. They had a war in 1770. The Crow had lots of relatives. They had rock shelters.
