Science Project: Make a Landform

- Materials: Play-doh or Clay
If you don't have play-doh or clay, you can make your own dough with this recipe:
1 cup salt, 2 cups flour, $\frac{3}{4}$ cup water
- Directions:
 - Mold clay into different landforms (choose at least 4 of these):
 - ___ canyons ___ mountains ___ plains ___ islands
 - ___ volcanoes ___ valleys ___ any body of water
 - Label parts of your landform. Paint or color if you can
(Google Landform Projects to get ideas!)

Email a picture of your child's landscape for the school's yearbook!

Short Read 1: Fresh from the Market	Reread paragraph 4. What types of markets are compared?	The outdoor and the indoor farmers' markets are being compared.	"In places such as California or Florida, the weather is warm all year. Some farmers' markets are open year-round. In places where winters are cold, many markets close during winter months. Others move indoors." (p. 7)	1	Identify	RI.2.1 Ask and answer such questions as <i>who</i> , <i>what</i> , <i>where</i> , <i>when</i> , <i>why</i> , and <i>how</i> to demonstrate understanding of key details in a text.
	Look at the photographs on page 9. What can you infer about farmers' markets from these photos?	Farmers' markets are unique to their locations. Every market will look different, depending on where it is located.	The photos show farmers' markets during the day and at night. They can be on land or on boats in the water.	2	Infer	RI.2.7 Explain how specific images contribute to and clarify a text.
