School Information:

We know the big question that has been weighing on everyone is if we will re-open on January 11th.

Our school district will continue to monitor the data and will be deciding prior to us going out for winter break if we will be opening on January 11th with the hybrid and virtual learning models.

Please continue to read school and district communications for updates.

As we plan for re-opening, whenever that may be, we are doing all that we can to keep students with their current teacher.
