

ADDENDUM NUMBER 1
BID NUMBER 04032018-01
CAREER TECHNOLOGY EDUCATION & FITNESS EQUIPMENT

This Addendum form is part of the contract documents and modifies the original Bidding Documents. The following revision for clarification, shall be made to the bid documents for Bid # 04032018-01. All other requirements of the contract documents shall remain the same. It is mandatory to acknowledge receipt of this addendum by signing and inserting the addendum to the last page of the document.

Clarifications

The Murrieta Valley Unified School District is providing clarification as a result of written questions received after the bid was posted.

- Q1 Vendor: I don't see the job specs or the items identified. I may be missing something?
- A1 We are not asking for a line item bid, instead, due to the volume we are asking for a volume discount on the entire project.
- Q2 Vendor: For the fitness equipment section it doesn't give any line item details for the equipment. Do you just want me to fill in the total % off the list price that's is quoted and include a quote with all the items with the bid documents?
- A2 We are not asking for a line item bid, instead, due to the volume we are asking for a volume discount on the entire project.
- Q3 Vendor: For the Disabled Veterans section what are you looking for? I have never seen one of these on the bid and am I bit confused by it.
- A3 The Disabled Veteran's section is included to ensure there is no discrimination against that vendor group. DVBE docs are required when a district makes purchases using State Facility Bond funds for a modernization or new construction project.

ADDENDUM NUMBER 1
BID NUMBER 04032018-01
CAREER TECHNOLOGY EDUCATION & FITNESS EQUIPMENT

- Q4 Vendor: To clarify you need our MSRP sheet and a volume discount on each section of equipment. Cardio section? Strength equipment section? is This correct? There you have the opportunity to choose the models and quantities desired? Here is a national contract you may be aware of NJPA (a piggyback bid) see attached. All schools, Government entities may purchase from if desired. On this contract if it is 1 piece of equipment or 100 pieces of equipment, same price per piece. I know we need to tailor it for a 100K or 300K or are you only expecting pricing ONLY for the bikes?
- A4 We are seeking a volume discount on a vendor's entire catalog. This will allow us to receive a discount on all items in the catalog.
- Q5 Vendor: To recap you are looking for the format (like NJPA) in your response. So you may choose desired models and qty? If so, NJPA is perfect pricing and we'll need to add freight deliver any install (or FOB) per contract. Tax is billed. Per my email on working with other schools/references, are you considering other Life Fitness items/equipment or just the IC7 bikes. I saw no substitutions. We are the exclusive dealer for Life Fitness equipment in Southern California.
- A5 Vendor: Correct, we would like to choose from the vendor's catalog.
- Q6 We are working on the bid and we understand the discount off the catalog pricing. Do you need install listed as an option? Meaning the furniture would be delivered to our install group and they would come out offload, assemble and set in place, thank you.
- A6 Assembly and delivery should be included in the bid. Items will be delivered to specific school sites.
