The Board received this report for review.

H. SUPERINTENDENT REPORT

Superintendent Dr. Ward Andrus extended his congratulations to Dorothy McElhinney Middle, Murrieta Mesa High, and Vista Murrieta High schools for their recognition as Distinguished Schools. He discussed the day-long Board Workshop held on February 27, 2024, where they reviewed the achievements of the previous year and set the goals and direction for the 2024/25 academic year. Dr. Andrus also addressed the Facilities Master Plan and the bond feasibility study's formal poll results, which indicated a 63% approval rate. Dr. Andrus discussed the Career Readiness brochure and how it represents a formal shift in our district's messaging from college for all to forging a career path and recognizing that apprenticeships, college, military careers and trade schools all hold equal value.

I. BOARD MEMBER REPORTS

Trustee Paul F. Diffley reported on activities of the County Committee on School District Organizational meeting which included the swearing in of new members. He attended various middle and high school drama and band performances. Mr. Diffley shared his support for the shift in district messaging from "college for all" to "college and or career ready post high school for all". Additionally, he also shared concern about the ability of the current district facilities to accommodate the number of projected students over the next few years due to increased housing and apartment developments currently under construction.

Trustee Nancy Young reported on her attendance at the following meetings over the past month: Rotary Club, Dollars for Scholars, Superintendent's CTE Advisory Council, Student of the Month breakfast and the Riverside County Office of Education State of Education Address. She attended a field trip to the Ben Clark Training Center in Riverside with high school CTE students and visited Antelope Hills, Tovashal Elementary and Murrieta Canyon Academy.

Trustee Julie Vandegrift encouraged community members to join her in attending the informative Curriculum and Whole Child Superintendent's Advisory Council meetings. She referenced California Assembly Bill AB 2222, which proposed evidence-based literacy instruction with explicit, systematic phonics instruction aligned with the science of reading, and stated her belief that our school district should prioritize core programs that embrace the science of reading. Mrs. Vandegrift discussed the Board's goals and directions for the 2024/25 school year, which were a product of the February 27, 2024 day-long direction setting workshop.

Trustee Linda Lunn said she participated in the California School Boards Association legislative action week, enabling her to meet with local legislators to discuss matters pertaining to public schools. The topics of discussion ranged from the Governor's proposal to borrow \$8 billion dollars from Prop 98 funds to placing a state school facilities bond measure on the ballot. Mrs. Lunn further explained that if the state places a bond measure on the ballot there could be an opportunity for Murrieta Valley USD to receive 50% matching funds should the Board move forward with the decision to place a local bond on the November 5th ballot, giving the voters an opportunity to decide. She also highlighted school activities she attended this month.

Trustee Nicolas Pardue spoke about the Profile of a Graduate, emphasizing a shift in focus from meeting the college A - G requirements and graduation rates to equipping students with life skills and career readiness, rather than only focusing on college as the only path after high school graduation. Mr. Pardue also discussed the dire need to address student behaviors and study habits, especially in middle school.
