d. Board Member Communication

Board member Paul Diffley acknowledged the strength it takes for the members of the public in attendance to share their beliefs and concerns in a public meeting. He stressed the importance of listening to what was being said during public comment. Mr. Diffley suggested that the Board meet with the district's legal counsel to discuss consequences for disregarding the imposed COVID-19 mandates for students and staff. He stated that he would like to have some concrete facts to share with the staff and parents. Mr. Diffley shared his excitement to have the opportunity to attend plays in person again at Murrieta Mesa and Murrieta Valley high schools.

Board member Kenneth Dickson thanked the public speakers for providing good dialogue on the current public health mandates related to the pandemic. He reminded everyone to exercise their rights by voting in the upcoming elections. Mr. Dickson shared his heartfelt appreciation for the kind words he received from the community and staff about his years of service on the Murrieta Valley Unified School Board.

Board member Linda Lunn referenced a letter dated August 23, 2021, from the California Department of Public Health that said districts would be subject to significant legal and financial consequences if they choose not to follow public health mandates. Mrs. Lunn stated that school board members are not legislators and cannot make laws. She thanked the members of the public that stayed to listen to the Board member's comments.

6. Presentation Regarding Trustee Area Redistricting

Presenters: Bill Olien, Deputy Superintendent; Janet Mueller, Shareholder, Dannis Woliver Kelley; Justin Rich, Senior Director, Cooperative Strategies

Cooperative Strategies performed a demographic review of the 2020 Census data, as is required every ten years, which showed substantial changes in the area served by Murrieta Valley Unified School District from 2010 to 2020. They reported that the overall population growth during those years was 8.4%, resulting in a total variance between trustee areas of 15.9%. In order to remain in compliance, the total population distribution in trustee areas must be less than 10%. Cooperative Strategies will prepare potential maps of adjusted voting areas and present them to the Board for review at the January 20, 2022, Board of Education Regular meeting.

7. Discussion of Process Options for the Selection of a New Superintendent for the 2022/23 School Year

Jonathan Pearl, Shareholder, Dannis Woliver Kelley facilitated the discussion with Board members regarding options and best practices for the search and selection process for the new superintendent who will be replacing retiring Superintendent Kelley. The Board considered conducting the search internally and the option of hiring a search firm to look for the best possible candidates throughout the country.
