Dear Mesa Parents and Students,

It is hard to believe that in less than a week we will wind down the school year. We still have final exams and then graduation on June 7th. Our last day of finals for underclassmen is June 7th.

What an amazing year we have had at Murrieta Mesa High School. As this year is almost history, let me touch on just a few historic moments of the year. Our instrumental music program had it’s best year in school history, which would help to explain the growth in the program. Our choir has just finished another great year. Athletically we had continued success in several sports including setting new records for swimming in all but two events. I cannot forget to mention the Drama productions, which set attendance records with the number of people coming to the shows.

The best part for me was the involvement of our students. This year we had more students involved in activities outside of the classroom than ever before. I know you have heard me speak about the importance of this, as academic study after academic study shows how students who are involved and connected with their school perform better in the classroom and generally make healthier choices outside of the classroom.

I would like to take this time to thank all of you connected with the Mesa community. Together we have created a great place for our students to go to school. This does not happen without great students, great parents, a supportive community, and the best staff in the world.

Our first day of the 2019-20 school year is August 14th. We will keep you informed on the registration days in early August. Enjoy your summer, make memories with your friends and family, and congratulations and good luck to our graduates. You will be missed.

Regards,
Steve Ellis

**Western Undergraduate Exchange (WUE)**

Interested in attending school out of state? Concerned about the out of state tuition cost? The WUE is an excellent opportunity to decrease some of those costs. The WUE applies to 14 states, including California, and is for college freshmen who wish to attend certain public universities in those states. Each school has their own rules regarding the WUE. The WUE scholarship caps fees at 1.5x of the in-state tuition, each year for all 4 years.

For more information, please go to: https://www.wiche.edu/wue

---

**FINAL TRANSCRIPTS**

Do you know where you’ll be sending your transcript when your final grades are complete?

Place your order now. Be sure to select the “Hold for Grades” option on your Parchment account. By selecting this option, your transcript will not be sent until your final grades are reflected on the transcript. The deadline for colleges to receive final transcripts is June 30, 2019.

---

**SUBMIT YOUR FAFSA NOW!**

Deadline to submit is June 30, 2019 Parents and students can visit the following site - California Student Aid Commission http://www.csac.ca.gov/doc.asp?id=1337 for information about the Free Application For Student Aid. FAFSA application can be found at https://fafsa.ed.gov/. Student and parent must first create their individual FSA ID at https://fsaid.ed.gov/npas/index.htm. You submitted your FAFSA...now what? About a week later, check to see if you have been awarded a Cal Grant. GRADUATE & TRANSFER FASTER THAN EVER WITH AB 705 🎓

What’s Old

- **Placement tests** that didn’t do a good job of properly placing students into their correct Math and English classes.

- **More classroom support is available for your Math and English classes**. Concurrent support courses will be offered and recommended to help students develop the skills and knowledge needed for success at the transfer-level.
- **Taking Math and English** as you enter or return to college is key to your success. Our goal is to support successful completion of college-level Math and English in your first year.
