Dear Ram Parents and Students,

Have you noticed how fast time flies? We will be graduating our seniors in four weeks. Please log into your parent portal account to see the posted 12-week grades of your student. This is an incredibly exciting time as well as being extremely busy. Please encourage your students to get involved in different opportunities while continuing to take care of business in the classroom.

Currently we are starting our AP testing. This year we are administering more AP Exams with more students taking AP Exams than ever before in the history of Mesa. We just finished up our CAASPP testing for the year. Did your 11th grade student talk to you about the grade incentives connected to CAASPP testing?

This should be a great period of celebration and happiness, between Prom on May 4th, graduation on June 7th, all of the senior activities, and the end of the school year, there are a ton of things going on. It is important for your students to pay attention to announcements and our Rams’ Daily News broadcasts to stay informed and keep them from missing any activity or deadline. There is a link on our school website, and included below, to the Rams’ Daily News as another way for our parents and community to stay up to date on the happenings at Mesa.

Many of our students, specifically our seniors, will be participating in several events. Please take the time to discuss with them the importance of safe driving and the hazards of using their phones while driving. Let’s work together to keep them safe!

Information regarding the next school year and the registration dates will be coming soon.

Thank you for all you do in supporting Mesa!

Steve Ellis

**Western Undergraduate Exchange (WUE)**

Interested in attending school out of state? Concerned about the out of state tuition cost? The WUE is an excellent opportunity to decrease some of those costs. The WUE applies to 14 states, including California, and is for college freshmen who wish to attend certain public universities in those states. Each school has their own rules regarding the WUE. The WUE scholarship caps fees at 1.5x of the in-state tuition, each year for all 4 years.
